Page 6 of the plans. General Notes-Stockpiling Grindings states to contact Pickaway County Manager to coordinate stockpiling of pavement grindings. There is no other mention of ODOT receiving the pavement grindings from the Partial Depth Pavement Repair, A.P.P. (3" & 4") items or the Pavement Planing, Bituminous, A.P.P. item. Does ODOT actually want the pavement grindings? If so, how many ton does ODOT require be delivered?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
