Prebid Questions

Project No. 070182

Sale Date - 4/18/2007

Question Submitted: 3/26/2007

Question Number: 1

I'm writing you concerning ref #5 borrow. The most economic way to build this project is to use the pipe excavation (if suitable) to build the embankments shown on the plans. This borrow item has been questioned in the past for payment. Please clarify if this material is used will you get paid borrow, or does an embankment or borrow as per plan item need to be added to this project? This item has caused confusion on other projects.

Question Submitted: 4/3/2007

Question Number: 2

WILL LOW STRENGTH MORTAR BE REQUIRED AS BACKFILL FOR THE CULVERTS OR SHOULD IT BE REQUIRED FOR THE CULVERTS ACROSS S.R. 43 AND ADDED AS A PAY ITEM?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
