Prebid Questions

Project No. 080307

Sale Date - 5/21/2008

Question Submitted: 4/17/2008

Question Number: 1

On sheet 3 of the plans under pavement repair, as per plan: Note states "placing 12" +/- 305 Concrete Base, PG64-22. Should this be 301 Bituminous Aggregate Base, PG64-22

Question Submitted: 5/5/2008

Question Number: 2

As a follow up to addendum #1 on this project is FS Concrete required or is the contractor permitted to have extended lane closures to allow for cure time and to alleviate the 2" drop drop off prior to placing the 448 type 1 intermediate course over the repairs.

Question Submitted: 5/6/2008

Question Number: 3

We still have not heard a response to our question about using FS concrete for the 10" Concrete base repair or the Permanent lane closures if FS concrete is not used.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
