Prebid Questions

Project No. 070485

Sale Date - 10/24/2007

Question Submitted: 10/23/2007

Question Number: 1

The proposal indicates the project surface: smoothness specification PN420-04/21/2006 will apply for this project. The alignment and type of State Route is such that it is not designed or should not be required to meet the same smoothness criteria as a major highway or interstate system, without major reconstruction of the existing pavement and should not apply to this project. Should this specification apply to this project?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
