Prebid Questions

Project No. 040434

Sale Date - 7/14/2004

Question Submitted: 9/5/2007

Question Number: 1

Page 18 of the Proposal titled "Special Clauses in the Proposal" indicates that CSX is the only Railroad involved in this project where Railroad Protective Liability Insurance is required. However, Plan Sheets 2/7 & 4/7 depicts the northern track to be owned by N.S. Railroad. Will insurance be required for N.S. as well? Some of the square columns currently exhibit significant section loss. What is the maximum depth of the chipping allowed? It shows that only sealing will be performed at the existing pier bases. However, upon a site inspection there is a significant amount of deterioration of the architectural relief that needs to be replaced. Presumably, this is an historic bridge where the decorative details may need to be replaced in kind.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
