Prebid Questions

Project No. 050618

Sale Date - 12/14/2005

Question Submitted: 12/1/2005

Question Number: 1

Can any work be completed on the project prior to the notice to proceed date? Thanks.

Question Submitted: 12/5/2005

Question Number: 2

Plan page 10 has notes on Indiana Bats & stream access. No cutting of trees after 15 Apr & no stream work until after 15 Jun. Only 65 work days to complete project. Will notice to proceed be 15 Jun and can trees be cut before notice to proceed date? Do the footers & walls require a 7 day water cure prior to placing a load on them or backfilling? Only 65 calendar days to complete project and on 10 days to complete each area.

A1) This would be the first day that the contractor would be allowed to start the in-stream work. The notice to proceed date could be later depending on the contractor's schedule. The contractor may negotiate the date with the district. A2) Yes. Any work to cut the trees before April 15th would not count against the 65 work days to complete the project because work days do not begin until after April 30th. See the last paragraph of the Work Day proposal note. A3) Yes.
