Question Number: 1

Item #23 has Railroad insurance as a bid item.

The RR tracks on the job have been paved over and it has a big block on it. Does this item still need to be bid?

Yes. The track is inactive, but the railroad owns this property and still has tracks beneath the asphalt.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
