Prebid Questions

Project No. 050481

Sale Date - 9/7/2005

Question Submitted: 8/16/2005

Question Number: 1

Does this project involve lead-based paint abatement?

If so, will Class 1A containment according to SSPC-Guide 6 be required?

If so, will SSPC-QP 1 and QP 2 certifications be required? Who will perform the coatings inspection services?

The Contractor is required to follow PN 891 (this replaces 514 in the Construction and Material Specifications) in the Proposal starting on Page 52. The existing paint may or may not contain lead. According to PN 891 the Contractor is required to make this determination. The containment shall be as per PN 891. Certifications shall be as per PN 891. The Construction Inspection for this Project will be performed by ODOT.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
