## Prebid Questions

Project No. 080343

Sale Date - 5/21/2008

Question Submitted: 5/15/2008

Question Number: 1

This project is being bid with Proposal note 420 "04/21/2006-Surface Smoothness Requirements For Pavements" under the Designer's note for this the project must consist of a new pavement thickness equal to or greater to 2.25", with or without planing. A portion of this project calls for an 1.5" pavement planing and 1.5" of 12.5 MM Surface only, therefore this project does not meet the designer requirements of PN 420. Shouldn't this be deleted or changed to PN 470?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
