## Prebid Questions

Project No. 060440

Sale Date - 10/4/2006

Question Submitted: 9/18/2006

Question Number: 1

After reviewing the plans we request clarification to the best of your ability for the following items:

On plan page 2/34, Median Removal and Temporary Pavement Detail, an existing thickness needs to be shown or assumed for bidding purposes. We could not find this information. Can this data be provided?

Also, this detail is different than the existing field condition. Actually, there is Type 6 curb surrounding the median islands. Should curb removal also be paid for this removal?

Thank you.

Question Number: 4

We have previously requested that the warranty from the paint items be removed from the proposed items in an email dated 8-28-06. Our bonding company will not issue a bid bond for a contract that contains paint warranty items. It has been explained by ODOT to us that this scenerio would not occur anymore on general contracts. Can this be changed immediatley so that we can be issued a bid bond?

Question Submitted: 9/8/2006

Question Number: 5

The field painting items are listed as 885 "Field Painting Structural Steel , with warranty" It was my understanding that 885 specifications was only going to be used on painting only contracts. Can the field painting on this project be change to 514?
