Project No. 050151

Sale Date - 3/23/2005

Question Submitted: 2/11/2005

Question Number: 1

This project is listed as Bridge Replacement. This project has a large amount of Asphalt for a bridge replacement. along with the other specialty work (guardrail, signs, pavement markings, etc) I think it would be very difficult for many Contractors to perform 50 percent of this project.

Would ODOT change the 50 percent requirement?

Question Number: 2

Bridge TRU-45-1001 on sheet 42/57
Please verify quantities of bar marks A518 and A904. I believe you need 20 for each abutment of each mark number.
Also verify weight for mark D801-the quantity and length equal 717 lbs.

Bridge TRU-45-1699 on sheet 52/57
Verify weight of S603- quantity and length equal 6011 lbs.

1) The "Holiday Work Limitation" note on page 7/57 indicates "...all existing lanes shall be open to traffic during the following designated holidays or events" which includes Memorial day, Fourth of July, and Labor Day. Traffic on S.R.45 will be detoured during these Holidays. Please provide clarification.

2) Item 614 - Maintaining Traffic, Detour note on page 7/57 second paragraph indicates a "specified limit" on the detour. I cannot find the specifics of this "specified limit" unless it is the 9/30/05 completion date; which will require an extremely aggressive construction schedule to achieve for a project bid on 3/9/05.
