## Prebid Questions

Project No. 060277

Sale Date - 6/7/2006

Question Submitted: 6/1/2006

Question Number: 1

Recently in March of 2006 we were beginning the early stages of what turned out to be a low point for CRS. To our dismay, we were informed of a crucial error in not assuring ourselves the required percentage of work to be the Prime Contractor for Project 06-0148. This of course led to our bid being discarded and not awarded.

However, in our planning Than and Now we have encountered a lack of interest or lack of want from various painting companies to go for the Prime. It was that fact, which led CRS to go for the Prime. Even today, 06/01/06 we have contacted painting companies which are not bidding as Prime.

With that we feel strongly that an Addendum should be issued to lower the Prime work percentage to 35% in order for Concrete Restoration Specialists bid as Prime to be accepted.

With your consideration, our goal is have the chance to effectively compete for this project as the Prime Contractor.

Respectfully--Jeff Mikesell Office Manager

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
