Prebid Questions

Project No. 070153

Sale Date - 4/4/2007

Question Submitted: 3/8/2007

Question Number: 1

After field checking this job, we discovered that there are 17 each box culverts or concrete headwalls with pipe, 3 each truss bridges, 3 each bridges with Type 1 bridge posts, and 12 each bridges with concrete walls. The plans, however, do not address what guardrail application would be required at these locations. Please advise.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
