REQUIREMENTS/SPECIFICATIONS

Section 1: Intent

The purpose of this invitation is to establish pricing for Accessible Vans to be used as transit vehicles specified herein to be used in conjunction with the Federal Transit Administration Section 5307, 5310 or 5311 Programs. The vehicles are intended to be used for public transportation or the transportation of elderly and/or persons with disabilities.

As a result of the ITB, vehicles will be purchased by either the State of Ohio, Department of Transportation, on behalf of various organizations throughout the State of Ohio or by political subdivisions and subsequently placed into use by the receiving agencies.

The vehicle shall be the latest current model vehicle, incorporating the latest engineering.

1.1 Quantity

Quantities listed are submitted as a guide. It is understood and agreed that neither the State nor other parties to this contract shall be obligated to purchase any set number of vehicles. The actual number will be based upon the overall program cost and the availability of local and federal funds.

Section 2: Contract Duration

This contract shall be effective from the **Date of Award** through **December 31, 2018**.

Section 3: Free on Board (F.O.B.) Destination

The net unit bid price shall include delivery charges, Free on Board (F.O.B.) to the recipient whose name and address appears on the purchase order(s). No vehicles will be delivered to ODOT unless specifically noted.

Section 4: Post Award Meeting

After award of the contract, prior to commencement of any activity by the successful bidder, a post-award meeting addressing such topics as delivery schedule, method of construction, title work, payment of invoices, etc., may be scheduled. The post award meeting may be scheduled in ODOT facilities in Columbus, Ohio or as a conference call originating from ODOT telephone equipment. In either case, ODOT will contact the bidder prior to commencement of any activity in order to arrange the details of the meeting/conference call. ODOT foresees the costs of the post award meeting to be minimal and may be incorporated into the base vehicle.

Section 5: Inspection of Vehicle

ODOT and/or any political subdivision receiving a vehicle reserve the right to inspect any and all vehicles and ancillary equipment being furnished by the successful bidder (Vendor) as a result of this term contract and reserve the right to reject all material and workmanship which does not conform to the specifications or accepted practice. The inspection(s) may take place at the vehicle manufacturer's primary place of business, the vendor's primary place of business, the receiving agency or at a site mutually agreeable to the vendor, ODOT, and/or the political subdivision. For all vehicles the vendor shall submit to ODOT a production schedule and a projected delivery schedule of the completed vehicle as soon as possible after receipt of the purchase order(s).

The trip shall allow sufficient time (during normal business hours) for the inspector to travel to and from the place of inspection and adequate time to thoroughly inspect the vehicle(s), including a critique of the inspection. It is intended that all facets of the manufacturing process be reviewed; however, it is intended that the trip not exceed two working days at the actual manufacturing plant. The inspection may be waived at the discretion of ODOT.

Note: payment for the vehicle and ancillary equipment will not be approved until the vehicle is accepted by ODOT and/or the political subdivision as meeting or exceeding all specifications. Delivery acceptance of the vehicle by the recipient agency does not constitute acceptance for payment.

Section 6: Delivery

Delivery shall be made within 180 calendar days after receipt of order.

6.1: Delivery Hours

All deliveries shall be made between the hours of 8:00 a.m. and 2:30 p.m., Monday through Friday except State holidays unless special permission is granted by the Department to temporarily waive or adjust this requirement.

6.2: Delivery and Issuance of Title

The title for each vehicle shall be issued in the name of the appropriate recipient whose name appears on the purchase order(s). For purchase orders issued by ODOT, a security agreement shall also be filed naming the Ohio Department of Transportation as first secured lien holder. For ODOT purchases, the original title and security agreement shall be filed with ODOT and a memorandum title issued and delivered to the recipient. For all purchases made directly by a political subdivision, the original title shall be furnished to them.

In lieu of securing the title upon delivery, title work may be mailed to any County Clerk of Court in the State of Ohio. The title should be mailed back to the vendor from the Clerk of Courts and the vendor shall distribute it accordingly. Vendors must alert the courthouse that the title is to be mailed to them.

All recipients shall be supplied a minimum of a 30 day temporary vehicle tag. All costs associated with delivery, filing the security agreement, issuing the memorandum title (where applicable), and obtaining temporary tags shall be included in the basic cost of the vehicle.

The successful vendor will be required to fully demonstrate the use of the vehicle and related equipment upon delivery along with a review of the applicable warranties. The successful vendor must contact the recipient agency at least one week in advance of vehicle delivery to set a tentative delivery time and choose proper wording for the vehicle title. It is the receiving agency's responsibility to determine the vehicle description (i.e., bus) in order to obtain their desired license plates. The successful vendor must also contact the agency at least three days in advance of actual delivery to confirm prior arrangements. Delivery shall be made during the recipient's normal working hours.

Section 7: Warranty Work

All normal warranty work on chassis and chassis manufacturer's factory installed equipment shall be accomplished within 50 miles of the recipient's place of business.

If major or complicated warranty work is required and the location to perform such work is outside the distance limitations required for normal warranty work, the bidder shall pay all costs of transporting the vehicle to and from the recipient agency's location.

It is recognized that the vehicle and associated on board equipment warranty responsibility may be divided among more than one warranting agency. However, if after the authorized factory service representative for a particular item has been contacted and satisfactory warranty repair cannot be

obtained, it shall be the successful bidder's responsibility to act as liaison for the agency in obtaining warranty repair to ensure the vehicle is placed in operable condition without unnecessary delay.

To assure that all warranties and support requirement of the contract are fulfilled, the Department prefers that the bidders maintain a repair facility within the State of Ohio, or has a contractual relationship with a repair facility in the State of Ohio that is familiar with the vehicles that are the subject of this Bid. Evidence of same should be provided within 30 days of award. The bidders should also include a copy of the dealer agreement between the manufacturer and the designated dealer if available within 30 days of award.

Section 8: Disputes

Disputes arising in the performance of this Contract which are not resolved by agreement of the parties shall be decided in writing by the ODOT Administrator, Office of Contracts. This decision shall be final and conclusive unless within ten (10) days from the date of the receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the Director of Transportation or his or her designee. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the Director of Transportation shall be binding upon the Contractor and the Contractor shall abide by the decision.

Section 9: Bid Submittal Requirements

Bidder must submit with the bid the following information:

Detailed descriptive literature and/or engineering or detailed drawings of all items bid. This shall include the basic vehicle proposed to be furnished and all additional equipment. Sufficient detail along with specifications shall be submitted to allow for a complete evaluation.

Bidders must submit one complete set of bid documents with all original signatures and seals, embossing, etc.

Failure to submit the following executed documents may result in your bid being declared non-responsive:

Form 1: Bid Affidavit

Form 2: Bidder Certificate Statement

Each bidder must submit with the bid the enclosed "Bidder Certificate Statement" addressing the U.S. Comptroller's List of Ineligible Bidders. In the event the bidder is on the Comptroller General's list of ineligible contractors for federally financed or assisted work, any contract resulting from this bid may be canceled, terminated or suspended by the Ohio Department of Transportation.

Form 3: Integrity Certification Statement

Each bidder must submit with the bid, the "Integrity Certification" (regarding debarment, suspension, and other responsible matters), which states that the contractor is not currently engaged, or has been engaged, in behavior which threatens the integrity of federally assisted programs.

Form 4: Lobbying Restrictions Certification

The contractor, by signing the Certification of Restrictions on Lobbying contained herein, agrees to comply with the provisions of Section 1352, Title 31 of the U.S. Code, which prohibits the use of federal funds to lobby any official or employee of any federal agency, or member or employee of Congress; and to disclose any lobbying activities in connection with federal funds.

Form 5: Buy America Certification

The complete Buy America process consists of not only individual component requirements but also a vendor compliance/non-compliance self-certification; pre-award and post delivery vehicle component verification; pre-award and post-delivery specifications compliance; and Federal Motor Vehicle Safety Standards (FMVSS) compliance. The Buy America, FMVSS documents included in the Required Forms sections, with a list of proposed Buy America content for the proposed vehicles will suffice as the pre-award self-certifications. The remaining pre-award certifications will be addressed by ODOT personnel and post-delivery certifications will be addressed with the contract vendor.

The contractor agrees to comply with 49 U.S.C. 5323(j) and 49 CFR Part 661, which provides that Federal funds may not be obligated unless steel, iron, and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7, microcomputer equipment, software, and small purchases (currently less than \$100,000) made with capital, operating, or planning funds. Separate requirements for rolling stock are set out at 5323(j)(2)(C) and 49 CFR 661.11. Rolling stock not subject to a general waiver must be manufactured in the United States and have a 65 percent domestic content. A bidder or offeror must submit to ODOT the appropriate Buy America certification with all bids on FTA-funded contracts, except those subject to a general waiver.

Form 6: Transit Vehicle Manufacturers (TVM) Certification

It is the policy of the U.S. Department of Transportation and the Ohio Department of Transportation that disadvantaged business enterprises, defined in 49 CFR Part 26, shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with federal and state funds.

Therefore, the Ohio Department of Transportation hereby notifies all bidders it will affirmatively ensure that in regard to any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids, and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

DBE Obligation: Contractors shall agree to ensure that disadvantaged business enterprises as defined in 49 CFR Part 26 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with federal funds provided under this agreement. In this regard all contractors shall take all necessary and reasonable steps in accordance with 49 CFR Part 26 to ensure that disadvantaged business enterprises have the maximum opportunity to compete for and perform contracts. Contractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts assisted by the Department of Transportation.

The ODOT's DBE program is hereby incorporated into this financial assistance Agreement. This program shall be treated as a legal obligation and failure to carry out its terms shall be treated as a violation of this Agreement. Failure to carry out the requirements set forth in 49 CFR 26, 43 (a) and the ODOT's DBE program shall constitute a breach of contract.

ODOT will require each transit vehicle manufacturer (TVM), as a condition of being authorized to bid or propose on FTA-assisted transit vehicle procurements, to certify that it has complied with the requirements of this section. Alternatively, ODOT may, at its discretion and with FTA approval, establish project-specific goals for DBE participation in the procurement of transit vehicles in lieu of the TVM complying with this element of the program. The ODOT will also require the TVM to submit a copy of its approved or not disapproved annual overall DBE goal percentage with bid submittal or the bid will not be considered.

All bidders must submit with their bids a TVM certification and a copy of the federal fiscal year 2012 DBE goal statement that the manufacturer, modifier or converter of the vehicle has submitted to FTA. Additionally, this information must be submitted again for the next federal fiscal year as a condition of renewing this contract.

Form 7: Federal Motor Vehicle Safety Standards (FMVSS) Certification

The motor vehicles supplied as part of this procurement will comply with the Motor Vehicles Safety Standards as established by the State of Ohio. In addition, the bidder must submit a signed certification, on the enclosed form, that all vehicles being supplied will meet all applicable Federal Motor Vehicles Safety Standards.

Section 10: Statement of Financial Assistance

This contract is subject to a financial assistance contract between the Ohio Department of Transportation and the U.S. Department of Transportation.

Section 11: Interest of Members or Delegates to Congress/ODOT Employees

No member, officer, delegate to Congress or any employee of the Ohio Department of Transportation or of a local public body during that person's tenure or one year thereafter, including any family members or business partners of said person, shall have any interest, direct or indirect, in this contract or the proceeds thereof. Each bidder shall submit with the bid the "Certification of Restrictions on Lobbying" regarding this and other related matters.

The contractor agrees, in accordance with Section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 USC 623 and Federal transit law at 49 USC 5332, to refrain from discrimination against present and prospective employees for reason of age. In addition, the contractor agrees to comply with any implementing requirements FTA may issue.

The contractor further agrees to 1) include these requirements in each subcontract financed in whole or in part with the FTA Federal assistance, modified only if necessary to identify the affected parties, and 2) to notify potential subcontractors, vendors and suppliers in all solicitations of its obligation under this contract relative to non-discrimination provisions in every subcontract awarded pursuant to this agreement.

Such records shall contain for each employee, their name, address, social security number, correct classification, hourly rates of wages, daily and weekly number of hours worked, deductions and actual wages paid.

In addition, all records to be maintained by the contractor and all subcontractors under this agreement shall be made available for inspection, copying or transcription by authorized representatives of the U.S. DOT, U.S. DOL and ODOT.

- b. to furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the contractor in the case of a subcontractor's bill-of-lading.)

- (2) The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

Section 19: Program Fraud and False or Fraudulent Statements

- (1) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § § 3801 et seq . and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.
- (2) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate.
- (3) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

Section 20: Federal Changes

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

Section 21: Recycled Products

Recovered Materials The contractor agrees to comply with all the requirements of Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C. 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.

Section 22: Government-wide Debarment and Suspension

By signing and submitting this bid or proposal, the Contractor and prospective lower tier participant is providing the signed certification set out below.

The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Ohio Department of Transportation may pursue available remedies, including suspension and/or debarment.

The prospective lower tier participant shall provide immediate written notice to the Ohio Department of Transportation if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "persons," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules and implementing Executive Order 12549 [49 CFR Part 29]. You may contact the Ohio Department of Transportation for assistance in obtaining a copy of those regulations.

The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized in writing by the Ohio Department of Transportation.

The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction", without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List issued by U.S. General Service Administration.

Nothing contained in the foregoing shall be construed to require establishment of system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

Except for transactions authorized under Paragraph D of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to all remedies available to the Federal Government, the Ohio Department of Transportation may pursue available remedies including suspension and/or debarment.

“Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction”

The prospective lower tier participant certifies, by submission of this bid or proposal, that neither it nor its “principals” [as defined at 49 CFR § 29.105(p)] is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

When the prospective lower tier participant is unable to certify to the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Section 23: Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any Ohio Department of Transportation requests which would cause the Ohio Department of Transportation to be in violation of the FTA terms and conditions.

Section 24: Fly America

The Contractor agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients and subrecipients of Federal funds and their contractors are required to use U.S. Flag air carriers for U.S Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Contractor agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

Section 25: Pre-Award and Post-Delivery Audit Requirements

The Contractor agrees to comply with 49 U.S.C. § 5323(l) and FTA's implementing regulation at 49 C.F.R. Part 663 and to submit the following certifications:

- (1) Buy America Requirements: The Contractor shall complete and submit a declaration certifying either compliance or noncompliance with Buy America. If the Bidder/Offeror certifies compliance with Buy America, it shall submit documentation which lists 1) component and subcomponent parts of the rolling stock to be purchased identified by manufacturer of the parts, their country of origin and costs; and 2) the location of the final assembly point for the rolling stock, including a description of the activities that will take place at the final assembly point and the cost of final assembly.
- (2) Solicitation Specification Requirements: The Contractor shall submit evidence that it will be capable of meeting the bid specifications.
- (3) Federal Motor Vehicle Safety Standards (FMVSS): The Contractor shall submit 1) manufacturer's FMVSS self-certification sticker information that the vehicle complies with relevant FMVSS or 2) manufacturer's certified statement that the contracted buses will not be subject to FMVSS regulations.

Section 26: State and Local Law Disclaimer

The use of many of the suggested clauses are not governed by Federal Law, but are significantly affected by State Law. The language of the suggested clauses may need to be modified depending on state law, and that before the suggested clauses are used in the grantees procurement documents, the grantees should consult with their local attorney.

Section 27: Motor Vehicle Pollution Requirements:

The vendor shall guarantee that:

The horsepower of the vehicle is adequate for the speed range and terrain in which it will be required to operate and also to meet the demands of all auxiliary power equipment.

All gases and vapors emanating from the crankcase of spark-ignition engines are controlled to minimize their escape into the atmosphere. Visible emission from the exhaust will not exceed #1 on the Ringlemann Scale when measured six inches from the tail pipe with the vehicle in steady operation.

When the vehicle has been idled for three minutes and then accelerated to 80% of rated speed under load, the capacity of the exhaust will not exceed #2 on the Ringlemann Scale for more than five seconds, and not more than #1 on the Ringlemann Scale thereafter.

Award will be made based on the lowest responsive and responsible bidder for the converted van pricing sample floor plans.

Section 28: ADA Compliance

Must meet ADA Accessible Guidelines, as amended, 42 U.S.C. §§ 12101 et seq.

Section 29: Maximum Compensation

The maximum compensation for this contract, if a contract is awarded, will not exceed the amount of purchase orders instituted by ODOT and other Ohio government entities ordering off this term contract.

Section 30: Pricing

Price Adjustment Clause:

Manufacturer price adjustments will be considered after current model year build out dates, provided that price adjustments cover both upward and downward movement of the commodity price and the adjustment is based on the “pass through” increase or decrease of raw materials and/or labor and/or manufacturer price incentives (not originally considered) which make up all or a substantial part of the product. Adjustments are to be based upon an actual dollar figure, not a percentage. Written request for price adjustment including supportive documentation, shall be sent to the Ohio Department of Transportation, Office of Transit, attention Chris Craves, Mail Stop 3110, 1980 West Broad Street, Columbus, Ohio 43223, for review. The Department may accept the price adjustment and amend the contract accordingly, reject the adjustment and continue the contract as is with no change in price, or cancel the contract. The Department will have sole discretion in the approval of any price adjustments. Price adjustments will become effective on the

date of the Department's acceptance letter. No increase will be considered within the first four months of the contract. The price adjustment clause supersedes references to firm bid found in Section seven of the Standard Terms and Conditions.

Build out date: The date after which the manufacturer no longer produces or is unable to provide the current model year chassis.

Manufacturer's production termination notice (build out):

Orders prior to mfg. production termination notice (build-out-date): All orders placed, shall be provided to the vendor no later than the mfg. build-out-date, which in the past is usually around March, but could be earlier. Agencies will be notified of these dates but are urged to submit their orders as quickly as possible after receipt of the contract.

All orders received and accepted by the vendor on, or prior to, the build-out-date shall guarantee delivery of the vehicle as described on the purchase order at the contract price.

Any order received by the vendor after the build-out-date will be subject to availability. The vendor reserves the right to accept or reject these orders. The vendor will be required to notify the ordering agency, within five (5) calendar days, after the vendor has received the purchase order, whether the purchase order will be accepted or rejected. If the purchase order cannot be accepted the vendor shall return it to the ordering agency. Once accepted, the vendor shall be required to fulfill the contract.

Section 31: Bid Evaluation and Award

Award of this invitation to bid will be made to the lowest responsive and responsible bidder for the Modified Minivan meeting or exceeding the equipment specifications specified herein.

The Department reserves the right to request any additional information it deems necessary from the apparent low bidder to determine bid responsiveness or bidder responsibility prior to awarding this invitation to bid. The Department will not allow a bidder's failure to submit all requested information within the prescribed timeframe to delay the award of this bid.

Please note: Bid items for additional vehicle options will NOT factor into the award evaluation.

1. DOWNLOADING THE EXCEL PRICING FILE: Bidders can access and download the most current Excel Pricing File for this invitation to bid by following the hyperlink provided below:

<http://www.dot.state.oh.us/Divisions/ContractAdmin/Contracts/PurchDocs/802pricing.xls>

2. SUBMISSION OF EXCEL PRICING FILE: Bidders should submit both a media device with the completed electronic Excel pricing file (.xls) and a hard copy print out of the completed Excel file in their submitted bid package. The media device should be marked with the bidder's name and the Invitation to Bid number.

"Media Device"- Compact Disc (CD), DVD (Digital Versatile Disc), or Flash Drive

Failure to submit this media device with a completed Excel price sheet from the Department's Microsoft Excel file and the hard copy print out of the completed Excel price sheet may result in a bid being deemed non-responsive by the Department.

3. DISCREPANCIES IN SUBMITTED INFORMATION: In the event there is a discrepancy between the information submitted on the media device and the hard copy Excel price sheet, the information submitted on the media device will take precedence.

4. NON-FUNCTIONAL MEDIA DEVICE: The Department shall not be held liable in the event a bidder's media device is not functional, is broken, or is unable to be accessed/downloaded by the Department for any reason. Bidders should take care to ensure all submitted media devices are properly protected during transport.

5. UNAPPROVED ALTERATIONS TO EXCEL PRICING FILE: Bidders who materially alter the original content of the Excel pricing file (e.g. specifications, formulas, etc.) issued by the Department may be found non-responsive and ineligible for award of this invitation to bid.

6. CHANGES TO EXCEL PRICING FILE: The Department will only make modifications to the Excel pricing file by written addendum only. Where changes are necessary to the Excel pricing page, the Department will issue a new Excel pricing page indicating the revisions made and a revision date for the changes.

It is the sole responsibility of the bidder to check for issued addenda prior to submitting a bid package to ensure the most updated Excel pricing file is being utilized.

7. DESCRIPTIVE LITERATURE: Bidders may electronically, on their submitted media device, provide any descriptive literature (e.g. brochures, spec/cut sheets, drawings, MSDS, etc.) regarding the products and/or services offered by the bidder. As this literature may be publically posted for viewing by purchasers, bidders must not submit any literature electronically in which they consider to be a trade secret, proprietary, or confidential in any way.

INSTRUCTIONS, TERMS AND CONDITIONS FOR BIDDING

(Last revised 11/2016)

1. **BIDDER REGISTRATION:** The Department requires awarded bidder(s) to successfully register as a State of Ohio Supplier with the Department of Ohio Shared Services and successfully obtain an OAKS vendor identification number (OAKS ID) within fourteen (14) calendar days from the date of contract award and execution. The Department cannot utilize awarded Contracts to purchase from a bidder who cannot obtain an OAKS ID from Ohio Shared Services. In the event an awarded bidder is unable to obtain an OAKS ID, the Department shall reserve the right to revoke its award to the bidder and immediately cancel any resulting Contract.

A Supplier Information Form and W-9 must be completed and sent back directly to Ohio Shared Services in order to register and apply for an OAKS ID. The following website can be accessed by bidders to obtain both the forms and specific instructions for obtaining an OAKS ID:

<http://ohiosharedservices.ohio.gov/SupplierOperations/Forms.aspx>

It is strongly recommended that all interested bidders not already registered with Ohio Shared Services submit the above paperwork prior to the bid submission deadline.

2. **HOW BIDS MUST BE PACKAGED:** All submitted bids in response to this Invitation to Bid (ITB) must be submitted in a sealed envelope or box (envelope means any type of sealed, opaque container) marked with the ITB number, the title of the ITB, bid submission deadline (bid opening date), and bidder (company) name clearly marked on the outside of the envelope/box. If a bidder is using an "Express Mail" or similar type of service, the bid response must be contained in a sealed envelope within the "Express" mailer (the bid number must be listed on the exterior of the sealed envelope contained within the "Express" mailer). A bid that is not properly and clearly marked and is inadvertently opened, before the scheduled bid opening time, may be disqualified, at the Department's discretion, without additional consideration for award of the contract.

Below is an example to illustrate how the outer surface of the bid package should be labeled:

Invitation to Bid #: *(insert bid number)*
Commodity/Service: *(insert title of bid)*
Bid Submission Deadline: *(insert due date)*
Company Name: *(insert company name)*

3. **WHAT NEEDS INCLUDED IN BID PACKAGE:** Submitted bid packages should include, at a minimum, a completed Signature Page, a hard copy print out of this entire invitation to bid document, media device with a completed Excel pricing page, hard copy of the completed Excel pricing page, and all necessary supportive documentation, forms, and any other information required herein. The Department may deem a bid non-responsive for failure to submit any of the documents requested above.
4. **PREBID QUESTIONS, DISCREPANCIES, AND CLARIFICATIONS:** Any discrepancies, omissions, ambiguities, or conflicts in or among the bidding documents or doubts as to the meaning shall be brought to the Department's attention by the bidder no less than three (3) business days prior to the bid submission deadline. All questions, discrepancies, clarifications, etc. must be submitted electronically (hyperlink below). During the competitive bidding process, bidders (and their agents) are prohibited from contacting any ODOT office, including District offices, other than the Office of Contract Sales, Purchasing Services section to obtain responses to any questions. The Department may find a bidder non-responsive for failing to adhere to any of the above requirements.

Pre-bid questions/inquiries must be submitted electronically through the following website:
<http://www.dot.state.oh.us/Divisions/ContractAdmin/Contracts/Pages/PurchasePBQ.aspx>

Answers to Pre-Bid Questions/Inquiries will be posted on the following document available for download at the following website:

<http://www.dot.state.oh.us/Divisions/ContractAdmin/Contracts/Purchase/PBQ-Answers.doc>

It is each bidder's sole responsibility to check the website for updates to pre-bid questions and answers before submitting its bid package to the Department.

5. **MODIFICATIONS TO THE BIDDING DOCUMENTS:** When it is deemed necessary to modify these bidding documents, the Department will only do so by written addendum. The issuance of an addendum is dependent upon the information received and the impact on the competitive bid process. All issued addenda will be posted to the Department's Upcoming ITB's website and shall be automatically incorporated into the bidding/contract documents:

<http://www.dot.state.oh.us/Divisions/ContractAdmin/Contracts/Lists/PurchaseUpcomingITBs/UpITBs.aspx>

In addition to posting on the above website, the Department also may email addenda information out to all known bidders for convenience purposes only. The Department shall not be held responsible for a bidder's failure to receive the email with the addenda information. It is the sole responsibility of all interested bidders to diligently visit the above-listed website to see if any addenda have been issued prior to submitting their bid to the Department. Those interested in obtaining addenda information via email for a particular invitation to bid must send the Department its request in writing to the following email address:

Contracts.Purchasing@dot.ohio.gov

6. **PRE-BID CONFERENCES:** The Department reserves the right to hold mandatory or optional pre-bid conferences at its discretion. Conferences may be held either in-person or via webinar/phone conference formats. Bidders will be required to sign-in at all pre-bid conferences. The sign-in sheet for all pre-bid conferences is considered a public record, will be kept in the bid file, and will be shared with any requesting party. Additionally, any business cards collected during any pre-bid conference shall be considered public records and may be distributed out to all conference attendees. Any changes to the requirements or specifications of an invitation to bid, as a result of the pre-bid conference content, will be made by written addendum and publicly posted.

For mandatory pre-bid conferences, the Department requires that those companies intending on submitting a bid be in attendance for the entire duration of the pre-bid conference. Mandatory pre-bid conferences will officially begin five (5) minutes after the scheduled date and start time at the location specified in the Special Terms and Conditions. Those bidders not in attendance at that time will be considered ineligible to submit a bid. The conference will be considered adjourned and complete when a representative of the Office of Contract Sales, Purchasing Services section indicates so. To be considered in attendance and eligible to bid, a bidder must have at least one representative of the company in attendance. A single representative cannot be present on behalf of two or more companies (bidders). Each company (bidder) must send its own representative on behalf of their organization. It is the sole responsibility of the bidder to ensure that the representative follows the sign-in procedures to properly document the bidder's attendance. The Department shall not be held responsible for a bidder's failure to arrive at the meeting on time, properly sign-in, or failure to stay for the entire duration of the meeting.

7. **WHERE BIDS MUST BE DELIVERED TO:** The Department only accepts hand delivered and mailed bid packages. Bids submitted via email, telephone, electronic facsimile (fax), or any other mode of electronic transmission will not be considered a responsive bid submission. Bids must be in possession of the ODOT Office of Contract Sales, Purchasing Services section, on or prior to 2:00 p.m. eastern time, on the scheduled date of the bid submission deadline (public bid opening) as listed on the cover of this Invitation to Bid (ITB). Properly labeled bid packages must be either hand delivered by the bidder to the Office of Contract Sales, Purchasing Services section or mailed to the following EXACT address:

Ohio Department of Transportation,
Office of Contract Sales, Purchasing Services, 1st floor
1980 West Broad St. Mail Stop 4110
Columbus, OH 43223
(614) 644-7870 or (614) 752-9017
Main Office Line: 1-800-459-3778
OFFICE HOURS: 7:30-3:30, M-F (excluding State of Ohio recognized holidays)

For hand delivery of bids, the Office of Contract Sales, Purchasing Services section is located on the 1st floor of ODOT Central Office (same address as where bids will be received). Bidders will be required to sign-in at the front desk of the building and then must be escorted back to the Office of Contract Sales, Purchasing Services section in order to drop off their bid. It is the responsibility of the bidder to ensure enough time is allotted to allow for all sign in and security procedures prior to the 2:00 p.m. bid submission deadline. Delivery of bids to any other location (including the ODOT mailroom), does not constitute receipt by the Purchasing Services section. Bids delivered to the ODOT mail room by a courier service must be delivered so as to leave a reasonable amount of time for the transfer of the bid to the Purchasing Services section. The ODOT mail room delivers received mail to Purchasing Services at scheduled times during normal office hours.

8. **LATE BIDS:** A bid received after 2:00 p.m. eastern time, on the bid submission deadline (bid opening date) established, shall be deemed "Late" and will not be considered for award of this invitation to bid. The late bid package will be marked as late, remain sealed, and will be kept in the Department's bid file to serve as official record of a late bid having been received.

Note: The Office of Contract Sales, Purchasing Services timeclock takes precedence over any other timekeeping device (e.g. cell phones, other ODOT clocks, wrist watches, etc.) and will be utilized by the Department to determine whether or not a bid was received by the 2:00 p.m. deadline.

9. **PUBLIC BID OPENING PROCEDURE:** All bids in possession of the Purchasing Services section shall be publicly opened, at ODOT Central Office, Office of Contract Sales, Purchasing Services section, 1st floor, starting at 2:01 p.m. on the scheduled date of public bid opening (bid submission deadline). All bids will be opened and read to any interested parties in attendance. At the conclusion of the public bid opening, bids may no longer be shared with interested parties until after a contract award has been made.
10. **BIDS FIRM:** Once publicly opened, all bids are firm and cannot be altered by the bidder. Once a Contract is awarded and executed, the Vendor shall deliver all products and/or services at the bid prices and terms contained in the Contract. All submitted bids shall remain valid for a period of sixty (60) calendar days after the date of the public bid opening. Beyond sixty (60) calendar days, bidders will have the option to either honor their submitted bid or make a written request to withdraw their bid from consideration. The Ohio Department of Transportation shall receive the benefit of any decrease in price during the sixty (60) day period.
11. **WITHDRAWAL OF BIDS:** A bidder may, by way of written notice to the Purchasing Services section, request to withdraw their bid response prior to the bid submission deadline. The request must be received by the Purchasing Services section PRIOR to the start of the public bid opening (beginning at 2:01 p.m.) on the date of the bid submission deadline. Such written notice must set forth the specific reasons for the bid withdrawal.

For requests to withdrawal a bid after the public bid opening has begun, the bidder may request to withdraw their bid response from consideration if the unit bid price(s) submitted are unreasonably lower than the other bids received, provided the bid was submitted in good faith, and the reason for the unit bid price(s) being substantially lower was due to an unintentional and substantial arithmetical error or unintentional omission of a substantial quantity of material or labor in the compilation of the bid. Written notice of any such request to withdraw after the bid opening must be received by the Purchasing Services section within no later than forty-eight (48) hours of the scheduled public bid opening.

The decision to allow a bid to be withdrawn is at the sole discretion of the Purchasing Services section. If the bid is to be awarded by category, lot, or group the withdrawal request will apply to all items within the category, lot, or group. All documents and conversations relating to any withdrawal request will become a part of the permanent bid file.

12. **MODIFICATION OF SUBMITTED BIDS PRIOR TO PUBLIC BID OPENING:** A bidder may request to modify their bid response prior to the scheduled date and time set for the public bid opening (i.e. bid submission deadline). To modify a bid response, the bidder must provide an alternate, complete bid package containing all required forms and necessary documents. The alternate bid package must be marked somewhere on the outer packaging as "REVISED". Purchasing Services will not return the original bid package to the bidder. The original bid package will be kept in the contract file.

In order to protect the integrity of the bidding process, bids shall not be prepared on the premises of ODOT. Any bid which is prepared on the premises of ODOT may be immediately disqualified and receive no further consideration for award.

13. **UNIT BID PRICES:** The unit bid price(s) submitted shall govern the award of this invitation to bid unless otherwise specified in the bid evaluation criteria. The unit bid price should be entered for each required bid item on the Department's pricing page. Use of ditto marks, arrows, or other markings in lieu of the actual unit price may result in a non-responsive bid determination. Lot or group prices listed in the unit bid price area shall be considered as the unit price unless clearly identified as the lot price. Unless specifically allowed in the contract's terms and conditions, requests to change or alter unit bid prices after the public bid opening are prohibited.

The following requirements also apply to unit bid prices:

a. **DECIMAL POINT:** Bidders should not insert a unit cost of more than two (2) digits to the right of the decimal point. Digit(s) beyond two (2) will be dropped and not recognized by the Department for the purposes of bid evaluation or contract award.

b. **CREDIT CARD FEES:** Bidders must incorporate into their unit bid price(s) submitted all costs and fees associated with the State's use of a payment (credit) card.

c. **DISCOUNTS:** While bidders may offer to the Department discounts for prompt payment and other similar incentives, discounts and incentives these will not be used to alter the submitted unit bid price(s) for purposes of bid evaluation and contract award. This section only applies to bids awarded to the lowest responsive and responsible bidder either by individual bid item or group of bid items and does not include bids which are awarded to all responsive and responsible bidders (i.e. Multiple Award Contracts).

d. **MULTIPLE AWARD CONTRACTS:** Pursuant to Ohio Revised Code 5513.02, the Department may award Contracts to all responsive and responsible bidders for articles (i.e. bid items) meeting the general specifications provided. These are referenced by the Department as 'Multiple Award Contracts'. Unit bid prices submitted for Multiple Award Contracts shall be considered by the Department as an amount-not-to-exceed unit bid price for the entire duration of the Contract. These awarded, amount-not-to-exceed bid prices often do not reflect potential quantity discounts, freight discounts, nor other similar discounts/incentives offered periodically by a distributor, manufacturer, or supplier. Where like or similar bid items are being offered by two or more awarded Vendors (bidders) on the awarded Contract, the Department reserves the right to obtain quotes from all awarded bidders on the Contract in order to achieve the best and most up-to-date pricing available to the Department at the time of ordering.

e. **UNBALANCED BIDS:** The Department will not accept unit bid prices that are deemed to be either materially or mathematically unbalanced. The final determination of an unbalanced unit bid price shall be at the Department's sole discretion.

f. **TIE BID PROCESS:** If two or more responsive bids offer the same unit bid price, ODOT may break the tie as follows: during the bid evaluation process, the bidders that submitted tie bids will be contacted and given up to three (3) business days to submit a written revised unit price for the affected item or items. Bidders are not required to submit a revised unit price. In the event a tie still exists after the above-prescribed deadline has passed, ODOT will schedule a coin flip to be conducted in the presence of both bidders. The winner of the coin flip will be deemed awarded the affected bid item(s).

14. Deleted for this Invitation to Bid (ITB).
15. **RESPONSIVE BIDDER:** A bidder is responsive if its bid responds to the bid specifications in all material respects and contains no irregularities or deviations from the specifications that would affect the amount of the bid or otherwise give the bidder an unfair competitive advantage.
16. **MINOR INFORMALITIES OR IRREGULARITIES IN BIDS:** A minor informality or irregularity is one that is merely a matter of form and not of substance. It also pertains to some immaterial defect in a bid or variation of a bid from the exact requirements of the invitation that can be corrected or waived without being prejudicial to other bidders. The defect or variation is immaterial when the effect on price, quantity, quality, or delivery is negligible when contrasted with the total cost or scope of the supplies or services being acquired. The Department either shall give the bidder an opportunity to cure any deficiency resulting from a minor informality or irregularity in a bid or waive the deficiency, whichever is to the advantage of the Department.
17. **BIDDER RESPONSIBILITY:** The Department will only award this invitation to bid to what it deems to be a responsible bidder. The Department's determination of a bidder's responsibility includes, but is not limited to, the following factors:
 - a) experience of the bidder;
 - b) bidder's financial condition;
 - c) bidder's conduct and performance on previous contracts;
 - d) the bidder's facilities;
 - e) the bidder's management skills;
 - f) the bidder's employees;
 - g) past experience and/or quality of bidder's proposed subcontractors;
 - h) the bidder's ability to execute the contract;
 - i) review of Federal and Department debarment lists;
 - j) bidder has history of successful performance on contracts of similar size and scope; and
 - k) current or impending legal actions against a bidder.
18. **APPARENT CLERICAL MISTAKES:** Clerical mistakes apparent on the face of the bid may be corrected, at the Department's discretion, before contract award. The Department first shall obtain from the bidder a verification of the information intended and will attach written verification of the mistake by the bidder in the contract file and award documents. Example of apparent clerical mistakes are:
 - (1) Obvious misplacement of a decimal point or comma;
 - (2) Obvious incorrect discount factor; or
 - (3) Transcription error in Part Number.
19. **ADDITIONAL INFORMATION:** The Department reserves the right to request additional information to evaluate a bidder's responsiveness to the Invitation to Bid's requirements and/or to evaluate a bidder's overall responsibility. These requests may require the bidder's submission of confidential materials (e.g. financial statements). If a bidder does not provide all of the requested information within the prescribed timeframe, the Department may find the bid non-responsive and ineligible for award.

20. **PRODUCT SAMPLES:** The Department may require bidders, by Invitation to Bid or by request during bid evaluation, to provide sample supplies or equipment or examples of work, at the Bidder's expense. Samples must clearly identify the Bidder, the bid number, and the item the sample represents in the bid. The Department will return samples that are not destroyed by testing, at the Bidder's expense, upon the Bidder's timely request. The Department may keep the samples of the Bidder awarded the contract until the completion of the contract. Unsolicited samples submitted in response to this Invitation to Bid will not be evaluated and the Department may dispose of them in any way it chooses.
21. **SPECIFICATIONS:** The Department is authorized by Sections 5513 and/or 125.02(B) of the Ohio Revised Code to prepare specifications and establish contracts to obtain the supplies, equipment, and/or services referenced within this invitation to bid. The purpose of the provided specifications is to describe the supplies, equipment, and/or services to be purchased and will serve as a fair and equitable basis for comparison of submitted bids. The Department may use any form of specification it determines to be in the best interest of the Department and that best describes the supplies or services to be purchased. Specifications may be in the form of a design specification or a combination thereof. If the department determines that a design, performance or a combination specification is not in the best interest of the Department, it may use brand name or equal specifications.

Unless otherwise specified in this Invitation to Bid, all products, equipment, supplies, etc. offered by bidders must be in a new condition. A 'new' product is one that will be first used by the Department after it has been manufactured or produced. Used, reconditioned, or previously titled products, supplies, or equipment will not be considered for award of this Invitation to Bid.

The Department uses qualified products list (QPL) and/or approved products lists (APL) developed by either itself or other qualified institutions to specify acceptable products and supplies that have been through proper application and testing procedures to verify conformance with technical and/or performance specifications. Where the Department requires products and supplies to be included on a specific QPL/APL listing, the Department will not accept bids for products/supplies that are not included on a specified QPL/APL at the time of public bid opening.

A bidder may not be compensated for damages arising from inaccurate or incomplete information in the Invitation to Bid specifications or from inaccurate assumptions based upon the specifications.

22. **USE OF BRAND NAMES:** Unless otherwise provided in this solicitation, the name of a certain brand, make, or manufacturer does not restrict bidders to the specific brand, make, or manufacturer named, but conveys the general style, type, character, and quality of the article desired. Any article which the Department, in its sole discretion, determines to be the equivalent of that specified, considering quality, workmanship, economy of operation, or suitability for the purpose intended, may be accepted. The bidder is responsible to clearly and specifically identify the product being offered and to provide sufficient descriptive literature, catalog cuts and technical detail to enable the Department to determine if the product offered meets the requirements of the solicitation. Failure to furnish adequate data for evaluation purposes may result in declaring a bid nonresponsive. Unless the bidder clearly indicates in its bid that the product being offered is an equivalent product, such bid will be considered to offer the exact brand, make, or manufacturer name referenced in the bid solicitation.
23. **DEVIATIONS:** Statements or modifications made by a bidder in their submitted bid package that deviate from this Invitation to Bid's terms, conditions, specifications and requirements may render a bid non-responsive and ineligible for award.

Acceptance of any deviations or modifications will be confirmed by the Department in writing, if accepted. If the Department does not specifically approve submitted deviations or modifications in writing, an award of this invitation to bid shall not constitute acceptance of the bidder's submitted modifications.

24. **ESTIMATED QUANTITIES:** Any purchase estimates indicated for bid item(s) are to be considered as estimates only. The Department makes no representation or guarantee as to the actual amount of item(s) to be purchased by the Department or Political Subdivisions.

25. **OVERLAPPING CONTRACT ITEMS:** The products and/or services included in this solicitation may be available from other State of Ohio contracts and/or other contracts made available for the Department's use. The existence of these contracts containing like or similar products and/or services could be either known or unknown to the Department at the time this Invitation to bid has been published. Unless otherwise stated in this contract, the Department may acquire these products and/or services from any available source. The Department will make purchases from sources that are deemed to be in the best interest of the Agency.
26. **REJECTION/PARTIAL AWARD OF BIDS:** The Department reserves the right to reject any or all bid responses, award partial contracts, or choose to rebid when:
- (1) Product, supplies and/or services are not in compliance with the requirements, specifications, and terms and conditions set forth in this Invitation to Bid; or
 - (2) Pricing offered is determined to be excessive in comparison with existing market conditions, or exceeds the available funds of the Department; or
 - (3) Only one bid is received and the Department cannot determine the reasonableness of the bid prices submitted; or
 - (4) It is determined that the award of any or all items would not be in the best interest of the Department; or
 - (5) The Department, in its opinion, did not achieve the desired amount of competition amongst qualified bidders for the products, supplies, and/or services being offered in the bid solicitation; or
 - (6) Inadequate or ambiguous specifications were cited in the bidding documents; or
 - (7) The Department determines that specifications and/or requirements were missing from the bidding documents; or
 - (8) A bidder imposes additional terms and conditions against the Department.
27. **NOTICE TO BIDDERS OF REJECTED BIDS:** When the Department deems it necessary to reject a bid, the Department will notify each affected bidder and the reasons for such actions.
28. **BID PROTESTS:** Any bidder either deemed not responsible or whose bid has been deemed non-responsive shall be notified by the Department of that determination and the reasons for it. The notification will be provided by the Department in writing and sent by certified U.S. mail and at the email address provided on the front cover of this bid. The bidder will have five (5) calendar days after receipt (by mail or email confirmation) of this notification to file a written, valid protest of the Department's determination. A valid written protest must contain substantive information and evidence so as to refute the Department's asserted claims against either the bid's responsiveness or bidder's responsibility, whichever apply. The Department will only review and respond to valid written protests containing substantive information and evidence. After review of the valid written protest, the Department will either affirm or reverse its original determination.
- If a valid written protest is not received by the Department within five (5) calendar days of receipt, the Director of ODOT will move forward awarding the Contract and the affected bidder will have effectively waived its right to protest the Department's decision. For the purposes of this paragraph, "receipt" shall be defined as verification (via either certified mail return receipt or electronic read or delivery receipt) that the apparent low bidder has received the Department's written determination against the affected bidder. Upon the bidder's receipt, the five (5) calendar day response deadline shall commence.
29. **DELAYS IN CONTRACT AWARD:** Delays in the award of this Invitation to Bid beyond the anticipated Contract start date may result in a change in the contract period as indicated in the Special terms and conditions of this bid solicitation. In these instances ODOT shall reserve the right to award a contract covering a period equal to or less than the initial contract term than originally specified in this bid solicitation.

30. **CONTRACT AWARD AND FORMATION:** Successful bidder(s) will receive via U.S. regular mail and/or email a Notice of Contract Award letter as well as a photocopy version of the Signature Page executed by both Parties. These documents shall serve to form the Contract between the Parties. The Signature Page must be executed by both the bidder and the Director of ODOT for the Contract to be deemed valid and enforceable. The Department will maintain in the Contract file the Signature Page document containing each parties' original signature(s).

Vendor shall be responsible for removal and/or replacement of the affected product within a reasonable time as determined by the ordering agency. At the option of the ordering agency, Vendor may be required to reimburse storage and/or handling fees to be calculated from time of delivery and acceptance to actual removal. Vendor will bear all costs associated with the removal and proper disposal of the affected product. Failure to reimburse the purchase price or provide equivalent replacement product will be considered a default.
15. **PRODUCT SUBSTITUTION:** In the event a specified product listed in the Contract becomes unavailable or cannot be supplied by the Vendor for any reason (except as provided for in the Force Majeure clause), a product deemed in writing by the Department to be equal to or better than the specified product must be substituted by the Vendor at no additional cost or expense to the Department. Unless otherwise specified, any substitution of product prior to the Department's written approval may be cause for termination of Contract.

The Department reserves the right to deny any substitution request that it is deemed to not be in the best interest of the Department. 23. **CONTRACT SUSPENSION:** A Vendor who fails to perform any one of its obligations under this Contract will be in breach. In these instances, ODOT may choose to suspend the Vendor from the contract rather than terminate the Contract.

In the case of a suspension for ODOT's convenience, the amount of compensation due the Vendor for work performed before the suspension will be determined in the same manner as provided in this section for termination for ODOT's convenience or the Vendor may be entitled to compensation for work performed before the suspension, less any damage to ODOT resulting from the Vendor's breach of this Contract or other fault.

The notice of suspension, whether with or without cause, will be effective immediately on the Vendor's receipt of the notice. The Vendor will immediately prepare a report and deliver it to ODOT which will include a detailed description of work completed, percentage of project completion, estimated time for delivery of all orders received to date, and costs incurred by the Vendor.

If Delay of the cure is caused by ODOT, the delivery date shall be extended accordingly to offset such delays. Approval to extend any scheduled delivery date(s) shall be at the sole discretion of ODOT.
