

Office of Geotechnical Engineering  
Prefabricated Retaining Wall Systems (PRWS)

**APPROVED LIST**

Established 4/1/2016  
Revised 4/11/2018

**Instructions for Approval:**

Prefabricated Retaining Wall suppliers seeking approval of their PRWS for use on ODOT projects will submit applications in accordance with the requirements of the [Prefabricated Retaining Wall Systems Approval Process](#). The approval status of any wall system on the ODOT's Approved Product List (APL) will expire five years from the date of placement on the list or when there are changes in the wall system as described in the [Prefabricated Retaining Wall Systems Approval Process](#).

**Application Documents:**

[Prefabricated Retaining Wall Systems Approval Process](#)

[Attachments A through H](#)

[Attachment I: Submittal Requirements for Approval of Precast Gravity and Semi-Gravity Retaining Wall Systems](#)

[Attachment J: Submittal Requirements for Approval of Prefabricated Modular Retaining Wall Systems](#)

[Attachment K: Submittal Requirements for Approval of Mechanically Stabilized Earth \(MSE\) Wall Systems](#)

The following PRWSs have been approved for use:

**Precast Gravity and Semi-Gravity Retaining Wall Systems:**

None currently approved.

**Prefabricated Modular Retaining Wall Systems:**

None currently approved.

**Mechanically Stabilized Earth (MSE) Wall Systems:**

Approved MSE Wall System	MSE Wall System Supplier
Reinforced Earth	The Reinforced Earth Company
MSE Plus	SSL, LLC
GeoMega	The Reinforced Earth Company
Sine Wall	Sine Wall, LLC
Redi-Rock Positive Connection	Redi-Rock Structures of OKI
