

PROPERTY MANAGEMENT MANUAL AMENDMENTS

July, 2003

The ODOT Property Management Manual was revised effective July, 2003. Changes incorporated into the revised manual are as follows:

Section 7302.07 (Paragraph Added)

The Ohio Environmental Agency, by OAC 3745-20-04(E), requires that "If a facility is demolished by intentional burning, or if demolition debris is to be burned, all regulated asbestos-containing material including Category I and Category II Nonfriable-containing material must be removed in accordance with this Chapter before burning." The entity that burns structures must make all required notifications of the EPA Office and must obtain and comply with all required permits. This includes fire department that burns structures for fire training. The District shall be responsible for monitoring, necessary permits and cleanup of debris.
