

There has been a correction to the Relocation Manual. When the manual was last revised (spring of 2007) the section concerning down payment assistance was omitted. Down payment assistance is not covered in section 6602.09. This will be submitted to DRCC in the October 15 posting then permanently inserted into the manual.

It should be noted that this is not a change in policy. It is the same policy that ODOT has always had and it mirrors the federal regulations listed in 49 CFR 24.402(c) and the Ohio Administrative Code listed at 5501:2-5-04(B)(3).

Along with this change there has also been some minor changes due to cleaning up the grammar in section 6600 of the relocation manual.
