

5402.08 in the real estate manual under Preparation and Execution of Instruments for the Counties acknowledgement signature page. Mark Hays has made a change to this section of the manual so that it will be in alignment with Acquisition 104 Course, known as Instruments.

The main revision to this section is the name if the entity changing from (NAME OF COUNTY), COUNTY, STATE OF OHIO BOARD OF COMMISSIONERS to [INSERT BOARD COMMISSIONERS] (NAME OF COUNTY), OHIO. Also, there were some small grammatical upgrades that were needed.

To simplify the process of posting our webpage, please remove the existing 5400 section from the webpage and replace it with the revised attachment of this email. Please notify DRRC about the change.
