Right-of-Way Monuments are typically set prior to construction and are expected to be protected during construction unless otherwise specified in the plans.

- Monument Types A & B are typically set outside pavement areas.
- Monument Type C is typically set in pavement areas.
- Cap Designs 3 and 4 are to be installed when the Right-of-Way Monuments are disturbed, destroyed, and/or damaged by construction activities and are to be reset.

**NOTES**

- During construction, the contractor will install the Monument Assemblies and Reference Monuments at locations specified in the Right-of-Way plans.
- All Reference Monuments and Right-of-Way Monuments are set on cast-in-place monuments.
MONUMENT TYPE C

Recessed Letter
