NOTES:

1. Remove and store topsoil from the evacuation. Dispose of all unsuitable material before backfilling.

2. Center the conduit in the trench and hold firmly in place while the trench is backfilled.

3. The backfill material shall conform to ODOT Item 625 - Trenching (Incidental).

4. Install a 0.1 mil plastic orange warning tape 6" - 8" below surface, incidental for the entire length of the trench.

5. After backfill material is placed in unpaved areas, seed and mulch over trenched areas.

6. Provide high impact conduit spacers at intervals not greater than 10'. Spacers are considered incidental to the conduit item and ill not be paid for separately.
