

**Ohio Department of Transportation  
Office of Traffic Engineering  
July 16, 2010 TEM Revision**

**To Holders of the ODOT Traffic Engineering Manual (TEM):**

As of **July 16, 2010**, **Parts 2, 3, 4, 6, 7 and 9 of the TEM has been revised.**

The on-line copy of the TEM has been updated. A separate revision package for updating a current TEM is available from the ODOT Design Reference Resource Center (<http://www.dot.state.oh.us/drrc/>), or from the Publications/Documents link provided on the left side of the Office of Traffic Engineering Home Page (<http://www.dot.state.oh.us/traffic/>).

**Among other things this revision addresses:**

- **signing for casinos,**
- **updates sign size information for a number of signs,**
- **updates the Lane-Use Control Signs Index,**
- **clarifies ODOT policy on the use of Elongated Route Shield Pavement Markings,**
- **updates Plan Notes in Parts 4, 6, 7 and 9,**
- **incorporates information on the use of No Reentry signs for construction situations, and**
- **provides information on the experimental use of bike boxes.**

The TEM Revision package is set up to print double-sided sheets. The pages should be printed and inserted into your manual by page number. For this revision, the Revision Set includes individual page changes to be inserted into the manual.

Per ODOT policy, paper copies of the publications are no longer distributed to all holders. Revisions will only be available via the web pages noted above.

Juanita Elliott, P.E., Traffic Standards Engineer    or    Lisa McConnell, Traffic Standards Technician
