Re: Price St. Bridge Replacement
PID# 82410

Dear Mr. Bennett:

With regards to the above-mentioned bridge project, it is the intent of Stark Parks to accept delivery of the steel truss superstructure for re-use in our park system in the near future. Until funding is secured to re-erect the bridge, we plan to store the trusses at our East Side Operations facility located at 13877 McCallum Rd., which is less than one mile from the existing bridge site.

Thank you for the opportunity to save this potentially historic structure. If you should have further questions and/or concerns, please contact our office.

Sincerely,
