

GCAT Computer Training for Local Agencies 2018

AGENDA

- 9:00 am Introduction & Overview
Background Information on Ohio
Crash Data
Introduction to the GCAT Tool
- 10:15 am *Break*
- 10:30 am Exercises in GCAT
Introduction to the CAM Tool
Exercises in the CAM Tool
Evaluation & Certificates
- 12:15 pm Adjourn

*Total contact hours of training = 3.0 (with
break times subtracted).*

Description – Recently, ODOT's **GIS Crash Analysis Tool (GCAT)** transitioned into ODOT TIMS (Transportation Information Mapping System). While the concept has remained the same in searching for crash data, the training will cover the new functionality. GCAT is an easy-to-use tool that provides a convenient way for qualified agencies to search statewide crash data. The training is portioned into two categories:

1. **GCAT** – Search for crash data
2. **CAM Tool** – Analyze the crash data received from GCAT

The tool is a web application and can be accessed from any computer online through the ODOT website. This workshop will show how to search for crash data all the way from a statewide perspective down to a particular road or intersection. Each session will be held in a computer training room to allow for hands-on use of the GCAT & CAM Tool software.

Who Should Attend? – **GCAT access** is available to following agencies: county, city, village, township, MPOs, ODOT, law enforcement and safety study consultants.

Instructor – The primary instructor will be Michael McNeill with ODOT's Safety Program.

Registration Information – This course offering is limited to employees of the agencies listed above.

Registrations are processed in the order they are submitted online, while seats are still available. There is **no fee** to attend; however, participants must pre-register. Any registrant requiring a reasonable accommodation during training (i.e., mobility or access) should contact Ohio LTAP prior to the course date so the appropriate arrangements can be made.

Please visit <https://ltap.enrollware.com/schedule> to access the online registration system. Select the course name from the Schedule page, and then scroll down to click on the **session date/location highlighted in green font** to proceed.

GCAT Computer Training for Local Agencies

Fee: \$ 0.00 – **Free of charge.**

- Lebanon (SW)** – **March 6, 2018** – ODOT District 8 Office, Computer Training Room (Lower Level) – 505 S. SR 741 (45036)
- Columbus (CEN)** – **May 9, 2018** – ODOT Sign Shop, Computer Training Room – 1606 W. Broad St. (43223)
- Akron (NE)** – **July 12, 2018** – ODOT District 4 Office, Computer Train. Rm. (Lower Level) – 2088 S. Arlington Rd. (44306)
- Garfield Heights (NE)** – **Sept. 13, 2018** – ODOT District 12 Office, Computer Training Center – 5500 Transportation Blvd. (44125)
- Bowling Green (NW)** – **November 7, 2018** – ODOT District 2 Office, Computer Lab – 317 East Poe Rd. (43402)

If you have any questions regarding your registration, please contact Ohio LTAP at ltap@dot.ohio.gov or (877) 800-0031.
