Description – The modern roundabout is a proven strategy for improving the safety and operations of intersections. The physical characteristics of a well-designed modern roundabout reduce the frequency and severity of intersection crashes for all users including pedestrians and bicyclists. This course highlights the benefits of modern roundabouts and gives participants fundamental knowledge needed to plan and consider applying roundabout intersection projects in their area. This course is an introductory level course with a blend of technical and non-technical planning, design and operations considerations.

Who Should Attend? – Federal, State, and local transportation traffic and safety engineers, and planners involved in improving the performance of intersections.

Instructor – Hillary Isebrands, P.E., Ph.D., is a Team Leader with FHWA’s Resource Center Safety & Design Team. Ms. Isebrands is a Roadway Safety Engineer. She focuses her work on improving the design and safety of our nation’s roadways by providing technical assistance, training and technology deployment of proven safety countermeasures.

Registration Information – LTAP is managing the registration process for ALL participants. This workshop is being offered at no charge, thanks to grant funding secured by LTAP in partnership with the Ohio Traffic Safety Office (ODPS) and FHWA / NHI. No meals are provided. Any registrant requiring a reasonable accommodation during training (mobility or access) should contact Ohio LTAP prior to the course date so appropriate arrangements can be made. **Note**: Registrants unable to attend the training after registering are required to cancel a minimum of 21 days prior to the course start. Failure to cancel prior to the cut-off date will result in loss of registration privileges for grant-funded NHI or other grant-funded training offered by Ohio LTAP for a period of two years.

Please visit [https://ltap.enrollware.com/schedule](https://ltap.enrollware.com/schedule) to access the online registration system. Select the course name from the Schedule page, and then scroll down to click on the session date/location highlighted in green font to proceed.

### Modern Roundabouts: Intersections Designed for Safety – NHI

**Columbus (CEN) – September 11, 2019**  
ODOT Central Office, Room GB (lower level)  
1980 W. Broad Street (43223)

**Jacksontown (CEN) – September 12, 2019**  
ODOT District 5 Office, Main Conference Room  
9600 Jacksontown Road (43030)

Fee: $ 0.00 – Funded by U.S. DOT/NHTSA and ODPS.

If you have any questions regarding your registration, please contact Ohio LTAP at [ltap@dot.ohio.gov](mailto:ltap@dot.ohio.gov) or (614) 387-7359.
