

Work Type 57 – Concrete Sealer Training

2018

AGENDA – 10:30am to 12:00pm

Discussion topics include:

Ohio DOT specification item 512.03, material storage, mixing, proper application equipment, pot life, surface preparation, surface profile, rate of application, containment.

Total Contact Hours of training = 1.5.

Description – This class is about the sealing of concrete surfaces. Included is information on the best application practices to achieve optimum performance of the sealers. This training goes beyond the recommendations given in sealer technical data sheets by giving explanations as to what will result when technical data sheet recommendations are not followed.

Case studies will be cited and visuals will clarify definitions of what application processes are acceptable.

Who Should Attend? – Anyone who will be at the job site to oversee the sealer application processes.

Instructor – The primary instructor will be Troy Timbrook, Lab Scientist with ODOT's Office of Materials Management.

Registration Information – ODOT's LTAP office is managing the registration process for these sessions. Registrations are processed in the order they are submitted online, while seats are still available. **For each of the four course dates listed below, there are two options for participating: (1) by attending In-person at the ODOT Office of Materials Management (Test Lab – 1600 W. Broad St.) in Columbus, or (2) by attending a live Webcast of the training at the ODOT District 12 Office (Garfield Heights) or District 8 Office (Lebanon).** The registration fee is **\$15 per person for government employees and \$37.50 for non-government employees.** No-shows and late cancellations (< 7 business days) will be charged the full registration fee. Any registrant requiring a reasonable accommodation during training (i.e., mobility or access) should contact LTAP prior to the course date so the appropriate arrangements can be made.

Please visit <https://ltap.enrollware.com/schedule> to access the online registration system. Select the course name from the Schedule page, and then scroll down to click on the **session date/location highlighted in green font** to proceed. You will have the option to pay the registration fee by credit card or check.
