

CHAPTER 3: SFY 2018-2021 STIP ACCOMPLISHMENTS

During State Fiscal Years (SFY) 2018 and 2019 through various highway and transit programs, approximately \$6.3 billion transportation system maintenance, operation, and updates were made in Ohio as shown in the below charts. Over \$3 billion is planned for SFY 2020. **The complete picture of SFY 2020 will not be known until the conclusion of the fiscal year.*

SFY 2020 Projects & Phases—Carry Forward

Appendix 3 contains a list of highway projects and phases with SFY 2020 funding that has been through the planning process, is included in the 2018-2021 STIP, and has yet to receive federal authorization for the phase identified. These phases of projects are expected to obtain federal authorization in SFY 2020; however, if federal authorization is not obtained prior to the end of SFY 2020 (June 30), these projects will be administratively modified into the 2021-2024 STIP per the agreement between ODOT and FHWA.
