HANCOCK COUNTY: Pavement repair to slow traffic on I-75 Wednesday night, Thursday morning

The following traffic impacts related to the reconstruction and widening of Interstate 75 in Hancock County through the city of Findlay are scheduled to occur overnight on Wednesday, Feb. 27, into Thursday morning. All work is weather dependent.

INTERSTATE 75 THROUGH HANCOCK COUNTY

Interstate 75, both northbound and southbound, will be slowed by rolling road blocks on Wednesday, Feb. 27 beginning at midnight to allow for pavement repair. The operation will continue until approximately 5 a.m. Thursday, the following day.

Work will occur generally between the U.S. 68/state Route 15 interchange and Harrison Street.

Law enforcement will begin to slow I-75 traffic near the rest areas for intervals of approximately 15 minutes each to allow crews to make the repairs. Traffic will be released and cleared before each occurrence.

Repairs will also be made to Lima Avenue during the same time frame.
