Thank you for your interest in Ohio Department of Transportation - District 4’s 2019 Construction Program. This publication is intended to provide a general overview of projects that currently are under construction and those scheduled to be awarded or begin construction in 2019.

The 2019 Construction Program is divided into six sections, one representing each county in District 4. Award dates, expected completion dates, project descriptions, project locations, cost and maintenance of traffic are listed. Total costs include preliminary engineering, right-of-way and construction. County maps have also been included for your reference.

Please keep this book on hand throughout the upcoming construction season. Information regarding construction projects is continually changing; therefore, if you have any questions or require additional information, please do not hesitate to contact us or visit the District 4 website at www.transportation.ohio.gov/dist4 for updates. District 4 utilizes Facebook and Twitter! Please like us on our Ohio Department of Transportation Akron / Canton District 4 page and follow us on Twitter at ODOT_Akron.
