ODOT Announces Upcoming 2018 Culvert Replacement Project in Stark County

Culverts to be replaced on State Route 44, State Route 173 and State Route 183

The Ohio Department of Transportation (ODOT) will replace culvert structures at the following locations in Stark County:

- State Route 43 approximately 150 feet south of Lovers Lane, in Lake Township;
- State Route 173 (two separate 30" culverts) at the State Route 173 (State Street)/Parks Avenue intersection located at the border of Marlboro, Nimishillen and Washington Townships; and
- State Route 183 approximately 0.10 mile south of Georgetown Street in Paris Township.

The project will require closure of State Route 43, State Route 172 and State Route 183 for a maximum duration of fourteen (14) consecutive days each with work occurring before and after the closure duration. Detour routes for motorists will posted as follows:

- State Route 43 motorists will utilize US Route 62, State Route 44 and State Route 619;
- State Route 173 motorists will utilize State Route 44 and US Route 62; and
- State Route 183 motorists will utilize State Route 153, State Route 44 and State Route 172.

Construction and detour information will be posted prior to the start of construction and access shall be maintained to all adjacent properties at all times during project construction.

The proposed project will not result in any substantial impacts to environmental resources. The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by ODOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 11, 2015, and executed by FHWA and ODOT.

This transportation improvement is scheduled for construction in the summer of 2018 and is expected to be complete in September 2018. The estimated construction cost is approximately $500,000.

Questions and/or comments regarding this project may be submitted by September 8, 2017.
