EXHIBIT A – TEMPLATE OF PUBLIC EXPLANATION TO BE POSTED (TO BE COMPLETED BY THE DOCUMENT PREPARER)

SUMMARY OF FLOODPLAIN IMPACTS

Date: ______02/12/2019__________________________

Project ID: _______DEL-315-5.00-6.40-8.10 (PID 102124)__________________________

Floodplain Affected: ___Olentangy River Delaware County Special Flood Hazard Area Zone AE

______________________________

Description of Project:

The proposed project will stabilize the SR 315 embankment with retaining walls at three locations and replace 10 culverts. In addition, there will be drainage and ditch work occurring on the west side of 315.

Why must this project be located in the Floodplain?

This is the area of instability along 315.

What alternative sites were considered, if any?

No other sites were considered.

Were any mitigation measures utilized on this project? If so, please describe.

Tree planting and invasive species removal will be incorporated into the project to satisfy ODNR Scenic River Coordination.

To the best of my knowledge, this project has complied with all applicable Local, State, and Federal Floodplain protection standards.
