SUMMARY OF FLOODPLAIN IMPACTS

Date: ________________________

July 26, 2016

Project ID: ___________ UNI-4-17.26 PID 86211

Clevenger Ditch in Leesburg Township, Union

County, OH. Floodplain Zone A

Floodplain Affected: ________________________

Description of Project:
Replace an existing 13"-5" x 8'-5" metal culvert at SLM 20.54 due to its deteriorated condition with a proposed 106" x 166" elliptical concrete pipe.

Why must this project be located in the Floodplain?

The existing culvert carries the flow from Clevenger Ditch under SR.4. The culvert will be replaced in the same location.

What alternative sites were considered, if any?

Culvert is being replaced in the same location.

Were any mitigation measures utilized on this project? If so, please describe.

No.

To the best of my knowledge, this project has complied with all applicable Local, State, and Federal Floodplain protection standards.
