Exit Ramp Configuration on Northeast Side to Change

Drivers to expect delays

THURSDAY, JUNE 14

Interstate 270 (Northeast Side) – Traffic patterns will change on the exit ramp from I-270 west to State Route 3 north beginning Thursday June 16 around noon. To move into the next phase of construction, the continuous right turn lane will no longer be accessible. Instead, motorists wishing to travel both north and south on SR 3 will have to use one lane and the traffic signal at the end of the exit ramp.

This is a temporary condition for approximately a month, but delays and back-ups are expected. Motorists can avoid the ramp all together and continue on I-270 west to Cleveland Avenue to Schrock as an alternate.

Once complete at the end of July, the I-270 west to SR 3 exit ramp will be widened and restriped to accommodate both right and left turn lanes.

For up-to-date traffic information, construction information and road conditions, 24-hours a day, visit www.BuckeyeTraffic.org.
