

I-70 Lane Addition in Clark County

PROJECT OVERVIEW

This project will create a third travel lane on I-70 from SR 72 to US 40 in Clark County. It will also improve the pavement condition and widen the shoulder along this stretch of interstate. The project also includes the installation of cable barrier in the median of I-70 for increased safety.

PROJECT DESCRIPTION

- Create a third travel lane on I-70 from SR 72 to US 40 in Clark County
- Improve pavement conditions
- Widen the shoulder along I-70
- Install cable barrier in median along I-70 for increased safety
- Fast TRAC project

PROJECT BENEFITS

- Create a smoother, less congested traffic pattern along I-70 in Clark County
- Increase safety and efficiency through shoulder widening and cable barrier installation
- Handle future traffic needs with addition of third lane in each direction

ESTIMATED COST

- \$25,699,971

TIMELINE / TRAFFIC INFORMATION

- Construction is scheduled to begin June 2010
- Two lanes of traffic will remain open to motorists in each direction during construction
- Project will not affect existing interchange ramps or other corridors
- Project is scheduled for completion in fall 2011
