

PROPOSED NOISE BARRIER

# Comment Sheet

Noise Barrier Public Meeting • Lockland High School • 03/18/2014 • 5pm - 7pm

The Ohio Department of Transportation is soliciting preferences of affected residents in regard to the potential construction of a new noise barrier in your area. Your response to this questionnaire will be used in the decision-making process to determine whether the proposed noise barrier should be built, and if so, what they should look like.

**For verification, please print and sign your name and provide your address below:**

**Printed Name:** \_\_\_\_\_ **Signature:** \_\_\_\_\_  
*(please print clearly)*

**Mailing Address:** \_\_\_\_\_

**E-mail Address:** \_\_\_\_\_ **Telephone #:** \_\_\_\_\_  
*(optional)* *(optional)*

**Please return this completed comment sheet by mail to the address on the reverse side. The deadline for receipt of your comments is April 1, 2014.**

If we do not receive your response by the deadline, it will be assumed that you have no opinion on the construction (or appearance) of the noise barrier proposed for your area. A low response rate from the benefitted residents/property owners in your noise barrier area will be viewed as a demonstrated lack of interest in the barrier, and could result in the cancellation of any further development of the barrier proposed for your area. After reviewing all of the exhibits and speaking with project representatives, please share your responses with us regarding the potential noise barriers along the I-75 Thru the Valley project.

**1. Please mark the checkbox next to ONE of the following options:**

- A noise barrier SHOULD be built for my area.       A noise barrier SHOULD NOT be built for my area.
- No opinion on noise barrier construction.

**2. Please mark the checkbox next to your preference for the texture/color of the residential side of the formed concrete barrier proposed for your area:** (Please make a selection even if you indicated above that a noise barrier should NOT be built.)
