Section 106 of the National Historic Preservation Act of 1966 requires Federal agencies to consider the effects of their actions on historic properties.

The Section 106 process also encourages the incorporation of historic preservation values into project planning through consultation among parties with an interest in the effects of the undertaking on historic properties. Because consultation is a dynamic good-faith process of discussing options, considering multiple views, and seeking agreement among a variety of parties, your regular attendance, active participation, and constructive comments will be expected throughout the process.

Please summarize your interest in historic properties related to this project:
