

# OHIO DEPARTMENT OF TRANSPORTATION

TED STRICKLAND, OHIO GOVERNOR    JOLENE M. MOLITORIS, ODOT DIRECTOR

JAMES A. BRUSHART, DISTRICT DEPUTY DIRECTOR

## District 9 2010 Construction Season

Serving Adams, Brown, Highland, Jackson, Lawrence, Pike, Ross and Scioto Counties

# ODOT District 9 2010 Construction Season

The ODOT District 9 2010 Construction Program consists of **63** projects to be sold and/or constructed during FY2010 and FY2011 with an estimated cost of **\$82,172,305**. Included in these projects are:

## 44 Preservation

- 20 resurfacing/minor rehabilitations
- 17 bridge repair or replacements
- 3 preventive maintenance
- 3 urban paving
- 1 interchange modification

## 9 Maintenance

- 2 slide repairs
- 4 guardrail repair or replacements
- 1 raised pavement marker replacement
- 1 retaining wall/erosion control
- 1 detention basin

## 7 Safety

- 1 turn lane addition
- 2 pavement markings
- 2 intersection/alignment improvements
- 2 long-line/auxiliary markings

## 2 Enhancement

## 1 Major New Widening

*Due to production variables, not all projects may be sold as proposed; costs are approximate and are subject to change at the time of bid letting. The total amount calculated and following list includes four projects that have been sold and are under construction.*

# ODOT District 9 2010 Construction Program

Estimated Cost Per County\*

\* Costs are approximate and represent a combined amount for all new projects scheduled to be sold through CY 2010, as well as remaining, ongoing projects that were sold during FY 2009.

## Adams County

### **C.R. 70-0.88**

#### **PID: 86330**

A one-mile, two-lane resurfacing project on Lloyds Road, between the 0.88 and 1.83-mile markers. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: April – June 2010

Estimated Construction Cost: \$133,855

Project Sale Date: February 25, 2010

*This project is being funded through the American Recovery and Reinvestment Act.*

### **S.R. 32-6.70**

#### **PID: 79968**

A 13.7-mile, four-lane resurfacing project between S.R. 247 at Seaman and S.R. 73, east of Peebles. Traffic will be maintained in a minimum of one lane at all times.

Estimated Construction Schedule: April – September 2010

Estimated Construction Cost: \$3,458,965

Project Sale Date: July 29, 2009

### **S.R. 348-4.81/4.94**

#### **PID: 20874**

A dual bridge replacement project at the 4.81 and 4.94-mile markers, between C.R. 6F (Randalls Run Road) and C.R. 6C (Cedar Mill Road) at the community of Cedar Mills. The route will be closed, and traffic will be detoured via S.R. 125, S.R. 41 and S.R. 781.

Estimated Construction Schedule: June – November 2010

Estimated Construction Cost: \$1,555,000

Project Sale Date: May 20, 2010

**Total Estimated Cost: \$5,147,820**

## Brown County

### **U.S. 52-18.89/Village of Aberdeen**

**PID: 86220**

Construction of a one-mile, shared-use path along U.S. 52, between RULH Middle School and the Aberdeen Public Library. Traffic will be maintained with the aid of flaggers as needed.

Estimated Construction Schedule: July – September 2010

Estimated Construction Cost: \$225,500

Project Sale Date: June 3, 2010

### **C.R. 4-1.48**

**PID: 77761**

A 10.6-mile, two-lane resurfacing project on Hamer Road (C.R. 3D and 4B) from the northern corporation limit of Georgetown to C.R. 24B (Tri-County Road). Traffic will be maintained with the aid of flaggers as needed.

Estimated Construction Schedule: September – October 2010

Estimated Construction Cost: \$813,600

Project Sale Date: August 12, 2010

### **C.R. 24-5.26**

**PID: 75721**

A bridge replacement project on Tri-County Highway (Main Street) at the route's 5.26-mile marker, just west of U.S. Route 68 (High Street) in Mt. Orab. Westbound traffic will be maintained in one lane, while eastbound traffic will be detoured via C.R. 87 (Bodman Road), S.R. 32 and U.S. 68.

Estimated Construction Schedule: March – October 2010

Estimated Construction Cost: \$795,096

Project Sale Date: June 3, 2009

### **S.R. 32-0.00**

**PID: 75431**

A four-lane resurfacing project from the Clermont County line to just east of the U.S. 68 overpass. Traffic will be maintained in a minimum of one lane at all times.

Estimated Construction Schedule: April – October 2010

Estimated Construction Cost: \$4,989,548

Project Sale Date: January 14, 2010

*This project is being funded through the American Recovery and Reinvestment Act.*

## Brown County

### **S.R. 221-4.42**

#### **PID: 80618**

A slide repair project at the route's 4.42-mile marker, approximately 0.62 miles north of T.R. 274 (Loudon Road). The route will be closed, and traffic will be detoured via S.R. 125 and S.R. 505.

Estimated Construction Schedule: June – September 2010

Estimated Construction Cost: \$219,950

Project Sale Date: April 22, 2010

### **S.R. 251-0.00**

#### **PID: 80008**

A four-mile minor rehabilitation (pavement overlay) project from the route's junction with S.R. 123 to the Clinton County line. Traffic will be maintained with the use of flaggers as needed.

Estimated Construction Schedule: June – October 2010

Estimated Construction Cost: \$516,574

Project Sale Date: May 20, 2010

### **S.R. 353-1.25**

#### **PID: 23430**

A culvert replacement project at the route's 1.25-mile marker, between T.R. 14A (Old West Henry Road) and T.R. 4 (Mt. Aire Road), east of U.S. 62. The route will be closed for up to 60 days, and traffic will be detoured via U.S.62 and S.R.125.

Estimated Construction Schedule: May – August 2010

Estimated Construction Cost: \$445,000

Project Sale Date: March 11, 2010

### **S.R. 763-0.71**

#### **PID: 84749**

A retaining wall installation and erosion control project between the 0.71 and the 1.28-mile markers, north of S.R. 41. The route will be closed, and traffic will be detoured via S.R. 41, S.R. 136 and S.R. 125.

Estimated Construction Schedule: July – November 2010

Estimated Construction Cost: \$1,269,000

Project Sale Date: June 3, 2010

## Brown County

### **S.R. 774-2.80**

#### **PID: 75444**

A culvert replacement project over Cloverlick Creek and at the route's 2.80-mile marker, 0.4 miles north of T.R. 38 (Drake Road) and south of Hamersville. The route will be closed, and traffic will be detoured via S.R. 125 and S.R. 133.

Estimated Construction Schedule: July – October 2010

Estimated Construction Cost: \$300,000

Project Sale Date: June 10, 2010

### **U.S. 52-16.16**

#### **PID: 81269**

A slide repair project at the 16.16-mile marker, 0.37 miles east of T.R. 232 (Logan Gap). Traffic will be maintained in one lane with the use of temporary traffic signals.

Estimated Construction Schedule: March – August 2010

Estimated Construction Cost: \$1,106,072

Project Sale Date: November 18, 2009

### **U.S. 52-12.23**

#### **PID: 81915**

A streetscape project on U.S. 52 (Second Street), between Main and Market streets, in downtown Ripley. Traffic will be maintained with the use of flaggers as needed.

Estimated Construction Schedule: July – October 2010

Estimated Construction Cost: \$596,937

Project Sale Date: April 22, 2010

**Total Estimated Cost: \$12,158,188**

## Highland County

### **C.R. 11 (et. al.)**

#### **PID: 85873**

A 12.7-mile, two-lane resurfacing project at various locations on C.R. 11, 20, 27, 33, 83 and 91. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: July – October 2010

Estimated Construction Cost: \$1,930,000

Project Sale Date: June 10, 2010

### **C.R. 1**

#### **PID: 85680**

A pavement marking project at various locations on Barrett Mill Road. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: August – October 2010

Estimated Construction Cost: \$136,400

Project Sale Date: July 29, 2010

### **C.R. 13**

#### **PID: 82906**

A guardrail replacement and rebuilding project at various locations on Certier and North Fork roads. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: October – December 2010

Estimated Construction Cost: \$272,700

Project Sale Date: October 7, 2010

### **C.R. 79-0.00**

#### **PID: 80744**

A bridge replacement project on Selph Road at the route's 0.00-mile marker, immediately north of S.R. 138. The bridge will be closed for up to 180 days, and traffic will be detoured via U.S. 62 and S.R. 138.

Estimated Construction Schedule: April – September 2010

Estimated Construction Cost: \$755,807

Project Sale Date: August 20, 2009

# Highland County

**S.R. 41-7.67/138-32.48**

**PID: 25485**

An urban paving project in the city of Greenfield on S.R. 41 (Washington Street), between Jefferson and Mill streets, and on S.R. 138 (Seventh Street), between S.R. 753 and Jefferson Street. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: June – October 2010

Estimated Construction Cost: \$256,812

Project Sale Date: May 20, 2010

**S.R. 73-10.06/247-0.00/785-0.00**

**PID: 25537**

A ten-mile, two-lane resurfacing project on S.R. 73, between its junction with S.R. 247 and the southern corporation limit of Hillsboro; on S.R. 247, from the Adams County line to 0.66 miles north of T.R. 228A (West Berrysville Road); and on S.R. 785, between S.R. 247 and S.R. 73. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: July – October 2010

Estimated Construction Cost: \$1,071,231

Project Sale Date: May 20, 2010

**S.R. 134-8.39**

**PID: 86712**

A bridge repair project at the route's 8.39-mile marker, approximately one-quarter mile south of its junction with S.R. 131. The route will be closed, and traffic will be detoured via S.R. 138 and S.R. 131.

Estimated Construction Schedule: June – October 2010

Estimated Construction Cost: \$255,000

Project Sale Date: May 20, 2010

**Total Estimated Cost: \$4,677,950**

# Jackson County

## **Lake Katherine State Nature Preserve**

**PID: 87398**

A resurfacing project on various roads in the park. Park roads will be closed for intermittent periods; at all other times, traffic will be maintained with the aid of flaggers as needed.

Estimated Construction Schedule: July – September 2010

Estimated Construction Cost: \$120,000

Project Sale Date: June 10, 2010

## **C.R. 1**

**PID: 87809**

A pavement marking project at various locations on Fairgrounds Road. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: July – August 2010

Estimated Construction Cost: \$136,364

Project Sale Date: May 20, 2010

## **C.R. 11 (et. al.)**

**PID: 85663**

A guardrail replacement and rebuilding project at various locations on C.R. 11, 13, 25, 28, 32, 33, 35, 43, 46, 52, 59, 82. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: June – August 2010

Estimated Construction Cost: \$272,700

Project Sale Date: April 22, 2010

## **S.R. 32-2.78**

**PID: 75461**

A 9.7-mile, four-lane resurfacing project from just east of C.R. 22 (Cove Road) to T.R. 259 (Cutlip Road). Traffic will be maintained in a minimum of one lane at all times.

Estimated Construction Schedule: August 2009 – October 2010

Estimated Construction Cost: \$8,227,209

Project Sale Date: July 29, 2009

***This project is under way and being funded through the American Recovery and Reinvestment Act.***

# Jackson County

## **S.R. 327-1.05**

### **PID: 83786**

A two-lane resurfacing and curve (super-elevation) correction project between T.R. 153 (June Marshall Road) and C.R. 9 (Keystone Furnace Road). Traffic will be maintained in one lane with the use of flaggers as needed.

Estimated Construction Schedule: April – July 2010

Estimated Construction Cost: \$350,000

Project Sale Date: December 16, 2009

## **S.R. 327-7.64/349-0.00/776-11.44**

### **PID: 22044**

An urban paving project on S.R. 327 and S.R. 349 in Wellston, as well as on S.R. 776 in Jackson. Traffic will be maintained in one lane with the use of flaggers as needed.

Estimated Construction Schedule: May – October 2010

Estimated Construction Cost: \$486,178

Project Sale Date: March 11, 2010

**Total Estimated Cost: \$1,365,242**  
***Including PID: 75461 - \$9,592,451***

# Lawrence County

## **T.R. 1186-0.25**

### **PID: 78949**

A bridge replacement project on Winfield Drive over Solida Creek and at the route's 0.25-mile marker, approximately one-third mile south of U.S. 52. Traffic will be maintained in one lane with the use of temporary traffic signals.

Estimated Construction Schedule: July – November 2010

Estimated Construction Cost: \$727,300

Project Sale Date: June 10, 2010

## **S.R. 7-7.25**

### **PID: 84193**

A detention basin project on the Chesapeake Bypass. Traffic will be maintained at all times and with the aid of flaggers as needed.

Estimated Construction Schedule: April – July 2010

Estimated Construction Cost: \$189,096

Project Sale Date: November 4, 2009

## **S.R. 7-2.28/11.29**

### **PID: 80004**

An eight-mile, two-lane resurfacing project between S.R. 527 and the western corporation limit of Proctorville and between the 11.29-mile marker, north of T.R. 1147 (Jewell Road) and the Gallia County line. Traffic will be maintained in one lane with the use of flaggers as needed.

Estimated Construction Schedule: July – November 2010

Estimated Construction Cost: \$1,759,834

Project Sale Date: May 20, 2010

## **S.R. 373-0.00**

### **PID: 80016**

A 3.4-mile, two-lane resurfacing project between the route's north and south junction with S.R. 93. Traffic will be maintained in one lane with the aid of flaggers.

Estimated Construction Schedule: April – July 2010

Estimated Construction Cost: \$404,683

Project Sale Date: September 30, 2009

# Lawrence County

## **S.R. 775-1.20**

### **PID: 83873**

An eight-mile, two-lane resurfacing project on S.R. 775, between S.R. 7 and S.R. 217. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: June – November 2010

Estimated Construction Cost: \$901,534

Project Sale Date: May 20, 2010

## **S.R. 775-17.25**

### **PID: 79847**

A bridge replacement project at the route's 17.25-mile marker, between the route's junction with S.R. 141 and T.R. 75 (Buckeye Greasy Ridge Road). The route will be closed, and traffic will be detoured via S.R. 141, S.R. 150 and S.R. 775.

Estimated Construction Schedule: July – November 2010

Estimated Construction Cost: \$504,000

Project Sale Date: May 20, 2010

## **U.S. 52-0.00**

### **PID: 25611**

A four-lane resurfacing project from the Scioto County line to just east of C.R. 23 (Ohio Furnace Road). Traffic will be maintained in at least one lane in each direction at all times.

Estimated Construction Schedule: June - November 2010

Estimated Construction Cost: \$1,564,138

Project Sale Date: May 20, 2010

**Total Estimated Cost: \$6,050,585**

## Pike County

### **T.R. 315-0.57**

#### **PID: 79003**

A bridge replacement project over Camp Creek on Salyers Road, at the route's 0.57-mile marker and approximately one-half mile south of S.R. 772. The route will be closed for up to 90 days, and traffic will be detoured via S.R. 772 and C.R. 22 (Camp Creek Road).

Estimated Construction Schedule: April – August 2010

Estimated Construction Cost: \$351,594

Project Sale Date: January 14, 2010

### **C.R. 28-4.73**

#### **PID: 78983**

A bridge replacement project on Loys Run Road, at the route's 4.73-mile marker and approximately one-half mile west of the route's intersection with S.R. 104. The route will be closed, and traffic will be detoured locally via C.R. 21 (Sunfish Creek Road) and C.R. 24 (Bethel Hill Road).

Estimated Construction Schedule: April – September 2010

Estimated Construction Cost: \$435,973

Project Sale Date: November 18, 2009

### **C.R. 64-3.02**

#### **PID: 82302**

A bridge replacement project on Owl Creek Road, at the route's 3.02-mile marker and approximately three miles north of the Scioto County line. The route will be closed, and traffic will be detoured locally via C.R. 79 (Hunting Run Road).

Estimated Construction Schedule: July – November 2010

Estimated Construction Cost: \$449,277

Project Sale Date: May 19, 2010

### **S.R. 32-20.47**

#### **PID: 75465**

An eight-mile, four-lane resurfacing project between C.R. 66 (Germany Road) and C.R. 76 (Red Hollow Road). Traffic will be maintained in at least one lane in each direction at all times.

Estimated Construction Schedule: July 2010 – September 2011

Estimated Construction Cost: \$5,604,377

Project Sale Date: May 20, 2010

# Pike County

## **S.R. 335-14.51**

### **PID: 80018**

A 6.47-mile, two-lane resurfacing project from the northern corporation limit of Beaver to just west of Township Road 520 (Walker Ridge Road). Traffic will be maintained in one lane with the use of flaggers as needed.

Estimated Construction Schedule: June – November 2010

Estimated Construction Cost: \$950,500

Project Sale Date: May 20, 2010

## **U.S. 23-3.95**

### **PID: 86338**

An interchange modification project at the route's intersection with the Pike County Manufacturing Center/DOE overpass, south of Piketon. Traffic will be maintained in at least one lane in each direction at all times.

Estimated Construction Schedule: June – November 2010

Estimated Construction Cost: \$2,690,000

Project Sale Date: April 8, 2010

*This project is being funded through the American Recovery and Reinvestment Act.*

**Total Estimated Cost: \$10,031,944**

## Ross County

### **C.R. 223**

#### **PID: 86497**

An 11.5-mile guardrail replacement and rebuilding project at various locations on Dry Run Road. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: March – May 2010

Estimated Construction Cost: \$140,714

Project Sale Date: September 30, 2009

### **S.R. 28-7.08**

#### **PID: 84778**

A culvert and retaining wall replacement project at the route's 7.08-mile marker, between C.R. 59 (Harper Station Road) and T.R. 899 (Halley Lane), approximately seven miles east of the Highland County line. The route will be closed for up to 45 days, and traffic will be detoured via S.R. 41 and U.S. 50.

Estimated Construction Schedule: July – September 2010

Estimated Construction Cost: \$223,000

Project Sale Date: June 10, 2010

### **S.R. 104-14.40**

#### **PID: 21250**

A major widening project, adding thru-traffic lanes and a center-turn lane, between U.S. 35 and Pleasant Valley Road and S.R. 207. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: July 2009 – November 2010

Estimated Construction Cost: \$10,610,555

Project Sale Date: June 24, 2009

***This project is under way and being funded in part through the American Recovery and Reinvestment Act.***

### **S.R. 138-10.90**

#### **PID: 79995**

A 6.9-mile, two-lane resurfacing project from just east of C.R. 29 (Austin Road) to the Pickaway County line. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: April – November 2010

Estimated Construction Cost: \$696,054

Project Sale Date: October 21, 2009

## Ross County

### **S.R. 159-1.12**

#### **PID: 85190**

An intersection improvement and realignment project at the Bridge Street intersection with North Plaza Boulevard and U.S. 35 in Chillicothe. Traffic will be maintained in at least one lane in each direction and with the aid of flaggers as needed.

Estimated Construction Schedule: June – September 2010

Estimated Construction Cost: \$617,000

Project Sale Date: April 8, 2010

### **S.R. 159-1.22**

#### **PID: 87844**

A 3.3-mile preventive maintenance project on Bridge Street, between C.R. 235 (Marietta Road) and C.R. 553 (Kenworth Road), north of Chillicothe. Traffic will be maintained in at least one lane in each direction at all times.

Estimated Construction Schedule: June – November 2010

Estimated Construction Cost: \$835,000

Project Sale Date: May 20, 2010

### **U.S. 35-0.00**

#### **PID: 87842**

A 4.4-mile, four-lane resurfacing project from the Fayette County line to just west of the S.R. 138 exit ramp. Traffic will be maintained in at least one lane in each direction at all times.

Estimated Construction Schedule: July – October 2010

Estimated Construction Cost: \$1,533,000

Project Sale Date: May 20, 2010

### **U.S. 50-20.18**

#### **PID: 22928**

An urban paving project in the city of Chillicothe, from the city's western corporation limit to S.R. 104 (High Street). Project also includes signal upgrade and signing. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: July – November 2010

Estimated Construction Cost: \$823,548

Project Sale Date: June 2, 2010

**Total Estimated Cost: \$4,868,316**  
***Including PID: 21250 - \$15,478,871***

## Scioto County

### **C.R. 257-2.18**

#### **PID: 78360**

A bridge replacement project on Hayport Road, at the route's 2.18-mile marker, north of U.S. 52 at Wheelersburg. The route will be closed, and traffic will be detoured via U.S. 52.

Estimated Construction Schedule: August 2008 – November 2010

Estimated Construction Cost: \$3,875,028

Project Sale Date: June 18, 2008

*This project is currently under way.*

### **S.R. 335-9.00**

#### **PID: 79797**

A turn lane construction project at the intersection of T.R. 232 (Bond Road), between C.R. 476 (High Street) and C.R. 28 (Lucasville-Minford Road) at Minford. Traffic will be maintained at all times and with the aid of flaggers as needed.

Estimated Construction Schedule: June – September 2010

Estimated Construction Cost: \$530,000

Project Sale Date: January 28, 2010

### **U.S. 23-0.00**

#### **PID: 86690**

An abutment repair project at the Kentucky pier of the U.S. Grant Bridge. Traffic will be maintained on the bridge at all times.

Estimated Construction Schedule: July – December 2010

Estimated Construction Cost: \$2,200,000

Project Sale Date: June 3, 2010

### **U.S. 23-5.51**

#### **PID: 87843**

A five-mile, four-lane preventive maintenance project from just south of C.R. 160 (Feurt Hill Road) to just south of T.R. 1203 (Valley Lane) and Lucasville. Traffic will be maintained in a minimum of one lane in each direction at all times.

Estimated Construction Schedule: June – October 2010

Estimated Construction Cost: \$1,175,000

Project Sale Date: May 20, 2010

## Scioto County

### **U.S. 52-17.86**

#### **PID: 84442**

A bridge deck rehabilitation project off the route's mainline, over Hygean Run, S.R. 73 and S.R. 104 and just east of the ramp to S.R. 852. The ramp will be closed, and traffic will be detoured via U.S. 52.

Estimated Construction Schedule: June – November 2010

Estimated Construction Cost: \$847,200

Project Sale Date: May 6, 2010

### **U.S. 52-34.44**

#### **PID: 84934**

A bridge rehabilitation project on C.R. 1 and over U.S. 52, approximately one-half mile east of S.R. 253. Traffic will be maintained in one lane with the aid of flaggers; intermittent periods of ramp closure may be necessary.

Estimated Construction Schedule: June – December 2010

Estimated Construction Cost: \$962,500

Project Sale Date: April 22, 2010

### **U.S. 52-8.66**

#### **PID: 78185**

A two-lane resurfacing project from T.R. 323 (Tipton Road) to approximately one-half mile east of the Portsmouth West High School. Traffic will be maintained in one lane with the aid of flaggers as needed.

Estimated Construction Schedule: April – November 2010

Estimated Construction Cost: \$1,346,255

Project Sale Date: January 14, 2010

### **U.S. 52-23.47/S.R. 335-0.00**

#### **PID: 85308**

A resurfacing project on U.S. 52, between the route's junction with S.R. 139 and S.R. 140 in New Boston, and on S.R. 335 at its junction with U.S. 52. Traffic will be maintained in a minimum of one lane in each direction and with the aid of flaggers as needed.

Estimated Construction Schedule: June – November 2010

Estimated Construction Cost: \$2,250,000

Project Sale Date: March 25, 2010

# Scioto County

## **U.S. 52-25.00**

### **PID: 76472**

A minor bridge rehabilitation project on U.S. 52, between the route's junction with S.R. 139 and S.R. 140 in New Boston. Traffic will be maintained in a minimum of one lane in each direction at all times.

Estimated Construction Schedule: July 2009 – June 2010

Estimated Construction Cost: \$2,537,938

Project Sale Date: May 13, 2009

***This project is currently under way.***

**Total Estimated Cost: \$9,210,955**

***Including PID: 76472 & PID: 78360 - \$15,623,921***

## Districtwide

These projects will be rolling operations at various locations throughout the district. Crews will work as weather permits, and traffic will be maintained in one lane with the use of flaggers as needed.
