

## SNOW AND ICE 2017 - 2018

- ODOT crews drove 10,563,562 miles - enough for 22 trips to the Moon and back!
- 954,215 tons of salt used
- 14,532,761 gallons of liquid deicers for pre-treating and treating 43,479 lane miles of roads, highways, and bridges
- Spent 1,117,105 hours on the road - that's nearly 127 years!
- Primary routes back up to speed within 2 hours of a storm 97 percent of the time

## THIS YEAR

- 610,000 tons of salt under roof
- 1,629 plow trucks
- More than 3,000 drivers
- 273 mechanics
- 100 percent ready for whatever Mother Nature dishes out!
