

**For the week of April 11, 2019**

Construction updates are available 24-hours-a-day at [www.OHGO.com](http://www.OHGO.com)

### **Interstate Projects**

#### ***I-71 Cuyahoga County***

##### **\*NEW\* I-71 resurfacing between U.S. 42 and I-480, Middleburg Heights and Brook Park**

Thursday, April 25, work to resurface I-71 between U.S. 42 and I-480 will begin. This project also includes repairs to the Bagley Rd. and Snow Rd. exit ramps from I-71 north and southbound. Work will require nightly lane closures. Details will be forthcoming. Tentative completion date:

##### **\*NEW\* I-71 southbound auxiliary lane between Ohio Turnpike and SR 82, Strongsville**

Wednesday, May 1, work to add an auxiliary lane to I-71 southbound between the Ohio Turnpike and SR 82 will begin. Off-peak lane closures will occur. This project also includes the widening of the I-71 southbound exit ramp to SR 82 westbound. Details will be forthcoming. Tentative completion date: October 2019

#### ***I-77 Cuyahoga County***

##### **\*UPDATED\* I-77 Widening over I-490, Cleveland (CCG6A)**

Friday, April 12 at 11 p.m. crews will close I-77 northbound at I-480 and the I-480 east and westbound ramps to I-77 northbound to 7 p.m. Saturday, April 13 in order to perform lane realignment and guardrail operations. Northbound traffic will be detoured via I-480, SR 176 and I-490. Motorists entering the highway north of I-480 will be forced to exit at Broadway Ave. Additionally, Saturday, April 13 at 1 a.m., I-77 southbound over I-490 will be reduced to one lane from 3 p.m. Through fall 2019, I-77 north and southbound over I-490 are shifted to the right and the Orange Avenue entrance ramp to I-77 southbound is reduced to one lane to accommodate bridge demolition and construction operations. The entire project will widen and replace the I-77 bridge over I-490. For more information about this and other Innerbelt Modernization Plan projects please visit [www.Innerbelt.org](http://www.Innerbelt.org). Tentative completion date: October 2019.

##### **\*UPDATED\* I-77 Exit Ramp to State Route 21, Cuyahoga Heights**

Monday, April 22, crews will close the I-77 southbound ramp to SR21/Brecksville Rd. for 100 days. Motorists will be detoured via I-77 south, I-480 and SR 17. This entire project will replace the I-77 southbound exit ramp bridge to SR 21 in Cuyahoga Heights. Tentative completion date: June 2019.

#### ***I-90 Cuyahoga County***

##### **I-90 Resurfacing, Cleveland**

Major resurfacing work on I-90 east and westbound between I-77 and SR 2 is complete. Spring 2019, minor corrective work and final striping will take place with minimal impacts to traffic. Tentative completion date: spring 2019.

##### **\*UPDATED\* I-90 over E. 185<sup>th</sup> St., Neff Rd. and E. 200<sup>th</sup> St., Cleveland**

Through fall 2019, I-90 westbound between East 222<sup>nd</sup> and East 185<sup>th</sup> will have various lane restrictions. I-90 westbound between East 222<sup>nd</sup> and East 185<sup>th</sup> will be shifted to the left through May 2019. The East 185<sup>th</sup> Street northbound entrance ramp to I-90 west, East 200<sup>th</sup> Street entrance ramp to I-90 westbound and I-90 westbound exit ramp to East 185<sup>th</sup> Street will remain closed. [Detours can be found at this link](#). The entire project will replace the bridge decks of three mainline bridges on I-90 over E. 185<sup>th</sup> St., Neff Rd. and E.

200<sup>th</sup> St. in the city of Cleveland. Speeds will be reduced while construction workers are present utilizing Variable Speed Limit signs. Tentative completion date: October 2019.

### ***I-271 Cuyahoga/Lake counties***

#### **\*UPDATED\* I-271 widening, Bedford, Bedford Heights, Warrensville Heights and Oakwood**

Overnight Monday, April 15, crews will close the left lane of I-271 southbound between Alexander Rd. and the I-480 eastbound overpass from 8:30 p.m. to 6 a.m. for pavement repair operations. The contraflow configuration on I-271 southbound has been removed. Motorists now have two lanes on I-271 south between Miles Rd. and the I-480 merge and three lanes between the I-480 merge and the Summit County line. Major work will resume spring 2019. This entire project includes full-depth pavement replacement, widening and bridge work on I-271 north and southbound between the Cuyahoga/Summit county line and Miles Road. Tentative completion date: June 2020.

### ***I-480 Cuyahoga County***

#### **I-480 east lane reconfiguration, Cleveland, Maple Hts. and Warrensville Hts.**

Final paving and striping operations remain. This project added a lane and provides three lanes of traffic to continue on I-480 past the I-271 split in the cities of Warrensville Hts., Maple Hts. and Cleveland. Tentative completion date: Spring 2019.

#### **I-480 Resurfacing, Garfield Hts. and Maple Hts.**

Operations to resurface the Granger Road ramps at I-480 will take place in spring 2019. Resurfacing work on I-480 east and westbound between the Valley View Bridge and Turney Rd. is complete. The entire project resurfaces I-480 east and westbound between the Valley View Bridge and Lee Rd. Tentative completion date: Spring 2019.

#### **\*UPDATED\* I-480 Valley View Bridge Deck Replacement, Garfield Heights and Independence**

Saturday, April 13, crews will close the right lane of I-480 eastbound between the I-77 and SR 21/Brecksville Rd. overpasses and the left lane of the I-77 southbound ramp to I-480 eastbound from 6 a.m. to 3 p.m. All traffic on I-480 east - leading up to and across the Valley View Bridge - will be shifted to the right through late-2020 when construction of the new bridge is complete and all eastbound traffic is shifted onto the new bridge. Crews are actively working to construct the new center bridge, which is expected to be complete in late-2020. The entire project constructs a new bridge between the two existing Valley View bridges and replaces the decks of the I-480 east and westbound Valley View bridges. To learn more about the project click [here](#). Tentative completion date: June 2024.

#### **\*NEW\* I-480 Resurfacing, Warrensville Heights and North Randall**

Monday, April 15, work for the resurfacing and repair of I-480 between Warrensville Center Road and Emery Road will begin. Work will require various off-peak lane and ramp closures. Detours will be posted. Tentative completion date: September 2019

### ***I-490 Cuyahoga County***

#### **\*NEW\* I-490/State Route 10/Opportunity Corridor Section 3, Cleveland**

Beginning Wednesday, May 29, I-490 will close between I-77 and E. 55th Street for approximately two years to build a new roadway between E. 55<sup>th</sup> St./I-490 and E. 93<sup>rd</sup> St. in the city of Cleveland. Visit [www.opportunitycorridor.transportation.ohio.gov](http://www.opportunitycorridor.transportation.ohio.gov) for more information. Short term lane and road closures on various side streets will also be necessary. Details will be forthcoming. Tentative completion date: June 2022

## *I-90 Lake County*

*None*

### ***U.S. and State Route Projects***

#### ***Cuyahoga County***

##### ***U.S. 6/State Route 2 (West Shoreway) Conversion, Lakefront West, Cleveland***

Installation of the wrong-way detection system on the SR 2 westbound exit ramp to W. 28<sup>th</sup> Street is complete. SR 2 is open to three lanes of traffic in both directions between Clifton Ave. and the Main Avenue Bridge. Minor operations including tree replacement work will take place in spring 2019 with minimal impacts to traffic. The entire project reconstructed the West Shoreway and made safety improvements at West 28th and West 45th streets. Tentative completion date: spring 2019.

##### ***State Route 10/Opportunity Corridor Section 2, Cleveland***

East 105th Street between Quincy and Norman avenues and Quebec Avenue between East 103rd and East 105th streets is now **open!** Get the details [here](#). Minor operations will continue into spring 2019, such as final work at the GCRTA station, permanent striping, concrete sealing and landscaping. During this work the road and bridge will remain open to traffic with minimal disruptions to traffic. The entire project built a new roadway from East 93rd Street to Quebec Avenue. Tentative completion date: Spring 2019.

##### ***State Route 14 (Broadway Avenue) Bridge over I-77 and ramp to I-77 south, Cleveland (CCG6B)***

Frontage Road is closed in both directions between Pershing and Broadway avenues through summer 2019 to facilitate pavement work at Broadway Ave. Motorists destined for I-77 south will be detoured via Broadway Ave. to Pershing Ave. to I-77 south. In summer 2019, Frontage Road will reopen in its permanent configuration of southbound traffic only. Additionally, in 2019 Roseville Ct. and Dille Rd. will close at Broadway Ave. for pavement work. Details will be forthcoming. This project includes the construction of a new Frontage Road and the reconstruction of the Broadway Avenue Bridge over I-77. For more information about this and other Innerbelt Modernization Plan projects please visit [www.Innerbelt.org](http://www.Innerbelt.org). Tentative completion date: September 2019.

##### ***State Route 176 resurfacing, Cleveland***

Work to resurface SR 176 between I-71 and Denison Avenue has been completed. Speeds will be reduced while construction workers are present utilizing Variable Speed Limit signs. Any remaining work that remains will take place in spring 2019 with minimal impacts to traffic. Tentative completion date: spring 2019.

##### ***\*UPDATED\* State Route 176 bridge deck replacement over I-71, Cleveland***

Monday, April 15 and Monday, April 22, crews will close the right lane of I-71 southbound between the I-90 overpass and SR 176 from 9 a.m. to 2 p.m. in order to pour a concrete wall. Work to replace the bridge deck of SR 176 over I-71 in Cleveland was completed in 2018. Work to be completed in spring 2019 includes bridge painting operations, which will require various lane closures on I-71 and SR 176. The entire project replaces the SR 176 southbound bridge deck over I-71 southbound in the city of Cleveland. Tentative completion date: spring 2019.

##### ***State Route 283 (Lakeshore Blvd.) pedestrian island, Euclid***

Construction of the walk and pedestrian islands are complete on Lakeshore Blvd. between E. 238<sup>th</sup> and E. 246<sup>th</sup> streets. At least one lane of traffic will remain open at all times. This project also includes traffic

signal work at SR 306 and Taylor May Road and SR 306 and Pettibone Rd. in Bainbridge Township. Tentative completion date: May 2019.

#### **East 49<sup>th</sup> Street/Washington Park Blvd./Harvard Avenue resurfacing, Newburgh Heights**

Work will resume in spring 2019 with final striping and landscaping work. The entire project resurfaces E. 49<sup>th</sup> St./Washington Park Blvd. between Fleet and Harvard avenues and Harvard Avenue between E. 49<sup>th</sup> and E. 55<sup>th</sup> streets in the village of Newburgh Heights. Tentative completion date: summer 2019.

#### **East 55<sup>th</sup> Street resurfacing, Cleveland**

Crews have completed resurfacing operations on E. 55<sup>th</sup> Street between Haltnorth Ct. (just north of Woodland Ave.) and Superior Ave. and between Broadway and Grand avenues. Work to resurface E. 55<sup>th</sup> Street between Haltnorth Ct. and Grand Ave. will take place in spring 2019. The entire project resurfaced East 55<sup>th</sup> Street between Broadway Avenue and Superior Avenue in the city of Cleveland. Tentative completion: spring 2019.

#### **\*UPDATED\* Harvard Ave. Bridge over I-77, Newburgh Heights and Cuyahoga Heights**

Overnight Thursday, April 11, crews will close the right two lanes of I-77 southbound between Fleet and Harvard avenues from 10 p.m. to 6 a.m. for bridge demolition operations. Overnight Friday, April 12, crews will close the right two lanes of I-77 southbound between Fleet and Harvard avenues from midnight to 9 a.m. for bridge demolition operations. Harvard Ave. bridge over I-77 is closed for 180 days. Eastbound Harvard Ave. motorists will be detoured via I-77 southbound to Grant Ave. to I-77 northbound to Harvard Ave. Westbound Harvard Ave. motorists will be detoured via I-77 northbound to Pershing Ave. to I-77 southbound to Harvard Ave. The entire project replaces the Harvard Ave. bridge over I-77, including sidewalks, signal upgrades and more. Tentative completion: October 2019.

#### **Prospect Avenue resurfacing, Cleveland**

Work on Prospect Avenue between E. 36<sup>th</sup> St. and Carnegie Avenue has resumed. All work on Prospect Avenue between E. 22<sup>nd</sup> St. and E. 36<sup>th</sup> St. is complete. The entire project resurfaces Prospect Ave. between E. 22<sup>nd</sup> St. and Carnegie Ave. and is being completed in two parts. Traffic will be maintained with one lane in each direction while work is completed. Completion date: July 2019.

#### **Transportation Boulevard, Garfield Heights**

Through spring 2019, I-480 westbound ramp to Transportation Blvd. will be shifted to the left until striping operations are complete. The entire project includes widening the Transportation Blvd. bridge over I-480 to add a northbound left turn lane, ultimately allowing motorists to access a new public street directly across from the current I-480 eastbound exit ramp to Transportation Blvd. The eastbound exit ramp will be widened to three lanes creating a new through lane onto the previously mentioned new street. Additional improvement will be made on Granger Road eastbound, where it will be widened between approximately the driveway at One Drive and East 96<sup>th</sup> Street to accommodate a right turn lane that will allow motorists to access a new public street. Tentative completion date: Spring 2019.

#### **West Huron Road (Tower City) bridge maintenance, Cleveland**

W. Huron Road is closed to westbound traffic through October 2019. Westbound motorists will be detoured via Ontario St. to W. Prospect Ave, to W. Superior Ave. to access W. Huron Rd. Eastbound traffic will be maintained. There will be no right turn onto W. Huron Rd. from W. 6<sup>th</sup> St. or W. 2<sup>nd</sup> St. You can learn more about the 2019 work [here](#). Work includes bridge joint replacement, bridge deck resurfacing and sealing and sidewalk replacement on W. Huron Rd., W. Prospect Ave., W. 6<sup>th</sup> St., W. 3<sup>rd</sup> St. and W. 2<sup>nd</sup> St. Work on W. Prospect Ave. will begin in 2020. Tentative completion date: fall 2020.

#### **\*NEW\* State Route 10 (Lorain Road) bridge, Fairview Park and Cleveland**

Wednesday, April 17, work to upgrade fencing on the SR 10 (Lorain Rd.) bridge over the Rocky River will begin and the right lane of SR 10 (Lorain Road) westbound will close for concrete repairs. Traffic will be maintained with at least one lane in each direction. Work also includes concrete repairs. Construction will take place on one side of the bridge at a time. Tentative completion date: August 2019

**Queenswood Drive bridge replacement, Bay Village**

Queenswood Drive over Sperry Creek is closed through July for a bridge replacement. Motorists will be detoured via Edinborough Rd., Sandalwood Rd. and Lake Rd. Tentative completion date: October 2019

**U.S. 6 (Lake Road) over Cahoon Creek, Bay Village**

U.S. 6 (Lake Road) over Cahoon Creek is closed for a bridge replacement through October. Motorists will be detoured via SR 83 (Avon Beldon Rd.), I-90 and SR 252. Work includes resurfacing and widening the bridge. Tentative completion date: October 2019

**\*NEW\* State Route 252 (Columbia Road) resurfacing, Olmsted Township and Olmsted Falls**

Monday, April 15, work to resurface SR 252 (Columbia Rd.) between Cook Rd. and south of Butternut Ridge Rd. will begin. Traffic will be restricted to one lane and will be maintained utilizing flaggers. Tentative completion date: August 2019

**State Route 17 (Brookpark Road) and State Route 94 (State Road) lane reconfiguration, Cleveland & Parma**

Work to reconfigure travel lanes on SR 94 (State Rd.) between Brookpark Rd. and Ralph and Burger avenues is underway. SR 91 northbound is restricted to two lanes, except for on the bridge over I-480. Work will require traffic shifts on I-480 east and westbound exit ramps to SR 94 and off-peak lane closures on State and Brookpark roads. This project includes the addition of a right turn only lane on westbound Brookpark Rd. at State Rd., lengthening the turn lane onto the I-480 westbound exit ramp to State Rd., and drainage and curb ramp improvements. Tentative completion date: January 2020

**\*NEW\* State Route 175 resurfacing, Richmond Heights**

Monday, April 22, work to resurface SR 175 between Wilson Mills Rd. and Euclid Ave. will begin. This project will be completed in two phases. The first phase includes the resurfacing of SR 175 between Wilson Mills Rd. and Highland Rd. and will require daily lane closures with one lane of traffic maintained in each direction. The second phase includes the resurfacing of SR 175 between Highland Rd. and Euclid Ave and will begin approximately at the end of June. Traffic will be restricted to one lane and will be maintained with flaggers. Tentative completion date: October 2019

**\*NEW\* U.S. 42 (W. 25<sup>th</sup> St.) over I-90 bridge deck replacement, Cleveland**

Wednesday, May 1, work to replace the U.S. 42 (W. 25<sup>th</sup> St.) bridge deck over I-90 will begin. Traffic on W. 25<sup>th</sup> St. will be maintained with one lane in each direction. Work will also require off-peak lane closures on I-90. Tentative completion date: October 2020

***Lake County***

**Vrooman Road Bridge replacement, Perry and LeRoy Townships**

Through fall 2020, the intersection of Seeley Road and Vrooman Road will be closed to accommodate the construction work zone. Seeley Road will remain accessible via Paine Road, maintaining access to Indian Point Park. Access will be maintained for emergency vehicles. The project entire project will construct a new Vrooman Road bridge over the Grand River on a new alignment, along with the resurfacing of the existing Vrooman Rd. between the new structure and I-90. Tentative completion date: October 2020.

**\*NEW\* State Route 2 resurfacing, Wickliffe, Eastlake & Willowick**

Monday, April 15, work for the resurfacing and repair of SR 2 between the Cuyahoga/Lake County line and SR 91 will begin. This project will require various off-peak lane closures. Work includes preventative maintenance. Tentative completion date: October 2019

**\*NEW\* State Route 2 bridge replacement, Eastlake**

Monday, April 15, work to replace the twin SR 2 bridges west of SR 91 will begin. Off-peak lane and ramp closures will take place. Detours will be posted. At least one lane of traffic will be maintained in each direction at all times. Work includes the installation of a culvert in the existing substructure and storm sewer, lighting and pavement marking modifications. Tentative completion date: October 2019

## ***Geauga County***

**U.S. Route 422 and SR 700 intersection improvements, Troy Township**

As necessary, crews will restrict traffic on U.S. 422 east and west at SR 700 to one lane of two-way traffic utilizing a flagger from 8:30 a.m. to 2:30 p.m. to perform work at the intersection. The entire project improves safety at the intersection of U.S. 422 and SR 700 in Troy Township by adding left turn lanes on U.S. 422 SR 700 and related traffic signal updates. Tentative completion date: winter 2018/19.

**U.S. 422 and SR 528/SR 88 intersection improvements, Parkman Township**

Minor widening of the intersection of U.S. 422 (Main Market Rd.) and SR 528/SR 88 (Nelson-Parkman Rd.) is underway. Work includes widening and traffic signal upgrades. Minor operations will continue in spring 2019 with minimal impacts to traffic. Tentative completion date: May 2019.

**State Route 168 (Tavern Road) slope repair, Parkman Township**

State Route 168 (Tavern Road) south of Nash Road between SR 528 (Madison Road) and SR 700 (Claridon Troy Road) is now open. In spring 2019, repaving work will take place on SR 168 south of Nash Road. Traffic will be maintained utilizing flaggers. The entire project repairs a slope on SR 168 (Tavern Road) south of Nash Road between SR 528 (Madison Road) and SR 700 (Claridon Troy Road) including minor pavement repair operations. Tentative completion date: May 2019.

**State Route 306 at Pettibone and Taylor May roads traffic signal installation, Bainbridge Township**

Signal pole foundation work is complete at SR 306 at Pettibone and Taylor May roads. Additional work to complete installation of a new traffic signal will take place spring 2019. This project also included work to install pedestrian refuge islands and pedestrian crossing signals in the city of Euclid, which was complete in December 2018. Tentative completion date: May 2019.

**State Route 528 and State Route 608 traffic signal installation, Middlefield Township**

Traffic signal installation at the intersection of SR 528 (Madison Rd.) and SR 608 (Old State Rd.) is underway. Various daily lane closures may take place. Traffic will be shifted as needed onto temporary and/or new pavement during widening work. Work includes the installation of left turn lanes from SR 528 onto SR 608. Tentative completion date: July 2019

**State Route 88 (Nash Road) and State Route 528 (Madison Road) culvert repair, Parkman and Montville Townships**

Work to replace three box culverts on SR 88 (Nash Rd.) between Owen Road and Old State Road and to replace an inlet pipe on SR 528 (Madison Rd.) south of Hatula Rd. is underway. Two-way traffic will be maintained utilizing a temporary traffic signal. Tentative completion date: October 2019
