Construction Update for the week of March 16, 2018

Construction updates are available 24-hours-a-day at www.OHGO.com.

Interstate Projects

I-71 Cuyahoga County

I-71 Sewer Cleaning, Brook Park and Middleburg Heights

Sewer cleaning work has been suspended due to weather and has no impacts to traffic. Crews will return in spring 2018 to complete this work.

Interstate Projects

I-77 Cuyahoga County

I-77 Widening over I-490, Cleveland (CCG6A)

Through fall 2019, all lanes of I-77 north and southbound over I-490 will be shifted to accommodate bridge demolition and construction operations. In addition, the Orange Avenue entrance ramp to I-77 southbound is reduced to one lane to accommodate bridge demolition and construction operations through fall 2019. Overnight this winter, when weather permits, crews will temporarily close all lanes of I-77 and various I-77/I-490 ramps to accommodate demolition operations. Details will be released as the work is scheduled. The entire project will widen and replace the I-77 bridge over I-490. For more information about this and other Innerbelt Modernization Plan projects please visit www.Innerbelt.org. **Tentative completion date: October 2019.**

I-77 Widening, Brecksville and Richfield

I-77 north and southbound is **open** to three lanes between the Ohio Turnpike (I-80) and Oakes Road. Crews will return in the spring of 2018 to complete final paving and pavement marking operations. Speeds will be reduced while construction workers are present utilizing *Variable Speed Limit* signs. The entire project widens I-77 to three lanes in each direction between just south of Oakes Road and the Ohio Turnpike (I-80) near the Summit County line. **Tentative completion date: July 2019.**

I-77 near Fleet Avenue Drainage Repairs, Cleveland

Drainage repairs on I-77 at Fleet Ave. are being done intermittently through the winter with no impacts to traffic. Crews will complete work in spring 2018.

I-90 Cuyahoga County

I-90 Drainage Cleaning, Rocky River

Weather permitting, crews will close the right shoulder of I-90 east and westbound between Detroit and Hilliard roads from 9 a.m. to 3 p.m. for drainage repairs. **Tentative completion date: May 2018.**

I-90 Resurfacing, Rocky River and Westlake

All major resurfacing operations on I-90 between Canterbury Road and the Rocky River are complete, with the exception of a section of I-90 eastbound near Columbia Road. Crews will return in spring 2018 to complete this resurfacing work. The entire project resurfaces I-90 between Canterbury Road and the Rocky River in the cities of Rocky River and Westlake.

Tentative completion date: spring 2018.

I-90 Resurfacing, Bratenahl and Cleveland

Overnight lane closures will be necessary to complete remaining work, details will be forthcoming. **All work is weather permitting.** All major resurfacing work on I-90 east and westbound between East 55th Street and Lakeshore Blvd. is complete. Minor operations remain with minimal impacts to traffic. **Tentative completion date: spring 2018.**

***UPDATED*I-90 Innerbelt, Construction of Two New George V. Voinovich**

Bridges, Cleveland... Monday, March 19 through Friday, March 23, crews will **close one lane on the eastbound I-90 George V. Voinovich Bridge from 9 a.m. to 5 p.m.** in order to perform preparations for upcoming bridge painting operations. Painting operations continue on the eastbound George V. Voinovich Bridge with minimal impacts to traffic through 2018. Visit www.Innerbelt.org for more information. The pair of bridges have been named in honor of statesman George V. Voinovich.

***NEW*I-90 over E. 185th St., Neff Rd. and E. 200th St., Cleveland**

The entire projects will replace the bridge decks of three mainline bridges on I-90 over E. 185th St., Neff Rd. and E. 200th St. in the city of Cleveland. Off-peak lane closures will be needed in preparation for traffic shifts and ramp closures. Details will be forthcoming on ramp closures. Speeds will be reduced while construction workers are present utilizing *Variable Speed Limit* signs. **Tentative completion date: October 2019.**

I-271 Cuyahoga/Lake Counties

***UPDATED*I-271 Widening, Bedford, Bedford Heights, Warrensville Heights and**

Oakwood... Overnight through Friday, March 16 from 9 p.m. to 6 a.m. there will be a right lane closure on I-271 southbound between Rockside Rd. and Columbus Rd. for paving. During this time, Miles Rd. under I-271 will also temporarily close for bridge work. Detour will be posted. On Monday, March 19 and Friday, March 23, crews will close the left lane on I-271 northbound between Rockside Rd. and Miles Rd. from 10 a.m. to 2 p.m. in order to perform concrete pouring operations. All I-271 north and southbound traffic is out of the contra-flow configuration for the winter months. Major work will resume in spring 2018. During the winter months, intermittent lane closures may be necessary in order to facility pavement repairs. This entire project includes full-depth pavement replacement, widening and bridge work on I-271 north and southbound between the Cuyahoga/Summit county line and Miles Road. **Tentative completion date: June 2020.**

I-271 North Exit Ramp to Cedar/Brainard, Lyndhurst

Paving is complete at the intersection of Cedar Rd. and Brainard Rd. There are now three lanes northbound on Brainard Rd. between the I-271 north entrance ramp and Cedar Rd., two of which are right turn lanes. Additionally, there are two through lanes northbound on Brainard Rd. between the I-271 bridge and Edenhall Drive. Minor operations remain and will impact traffic during spring 2018. Details will be forthcoming. **Tentative completion date: spring 2018.**

I-480 Cuyahoga County

***NEW*I-480 eastbound lane reconfiguration, Cleveland, Maple Hts. & Warrensville**

Hts... Beginning Saturday, March 17, there will be a single lane closure on the I-480 eastbound ramp to Warrensville Center Rd. for approximately three weeks. Access to Warrensville Center Rd. north and southbound will remain open. Overnight Monday, March 19 through Thursday, March 22, crews will close various lanes on I-480 eastbound between Lee Road and I-271 split from 7 p.m. to 6 a.m. in order to perform paving operations. When completed, this project will provide

three lanes of traffic to continue on I-480 past the I-271 split in the cities of Warrensville Hts., Maple Hts. and Cleveland. **Tentative completion date: October 2018.**

I-480 Valley View Bridge Deck Replacement, Garfield Heights and Independence...

The entire project constructs a new bridge between the two existing Valley View bridges and replaces the decks of the I-480 east and westbound Valley View bridges. Major work is expected to begin in spring 2018, however motorists traveling across the bridges won't likely see much of the work as it will take place below the existing bridges. To learn more about the project click [here](#). **Tentative completion date: June 2024.**

I-490 Cuyahoga County

None

I-90 Lake County

I-90 Variable Speed Limit, Lake County

Installation of variable speed limit signs on I-90 between SR 44 and SR 528 in Lake County is underway. Off-peak lane closures may be necessary. **Tentative completion date: June 2018.**

Non-Interstate Projects

Cuyahoga County

U.S. 6/State Route 2 (West Shoreway) Conversion, Lakefront West, Cleveland

SR 2 is now open to three lanes of traffic in both directions between Clifton Ave. and the Main Avenue Bridge. Minor operations including landscaping work will continue thru summer 2018. The entire project reconstructs the West Shoreway and makes safety improvements at West 28th and West 45th Streets. **Tentative completion date: summer 2018.**

***UPDATED*State Route 2/Main Avenue Bridge Painting, Cleveland**

Through Friday, March 23, crews will **close eastbound Main Avenue between West 10th Street and West 9th Street, under State Route 2/Main Avenue Bridge** (outbound from East Bank) weekdays only from 7 a.m. to 4 p.m. Eastbound motorists will be detoured via West 10th Street to Front Avenue to West 9th Street. Westbound Main Avenue (inbound to East Bank) will be maintained at all times. The roadway will remain open in both directions on the weekends. This entire project involves the painting of and miscellaneous repairs to the Main Ave. Bridge in Cleveland. Most work will take place under the bridge and have minimal impacts to traffic. Sporadic ramp or lane closures may be necessary as work continues in 2018. **Tentative completion: October 2018.**

State Route 10/Opportunity Corridor Section 2, Cleveland

East 93rd Street between Quincy Avenue and Woodland Avenue is **now open** following roadway reconstruction and utility work. Crews working on Section 2 of the Opportunity Corridor Project have closed parts of East 105th Street and Quebec Ave. as bridge reconstruction work continues and work begins on the new roadway. Get the details and detours [here](#). The entire project build a new roadway from East 93rd Street to Quebec Avenue. **Tentative completion date: Fall 2018.**

***UPDATED*State Route 14 (Broadway Avenue) Bridge over I-77 and ramp to I-77 south, Cleveland (CCG6B)...**

Broadway Ave. over I-77 closed on March 5 for nine months (270 days) in order to reconstruct the Broadway Ave. Bridge. Motorists are detoured via the new Frontage Road on the west side of I-77, which is open for two-way traffic during the closure. Additionally, Gallup Ave. will be closed between Broadway and Lester avenues to facilitate the bridge reconstruction work. Motorists will be detoured via Broadway Ave., Pershing Ave., Track Rd. and Martin Ave. Broadway Avenue motorists are now using the new Frontage Road to access I-77 south via the Pershing Avenue entrance ramp. Traffic on I-77 north and southbound at Broadway Avenue has been shifted to the right in preparation for bridge demolition operations

later in the project. This project also includes the construction of a new Frontage Road and the reconstruction of the Broadway Avenue Bridge over I-77. For more information about this and other Innerbelt Modernization Plan projects please visit www.Innerbelt.org. **Tentative completion date: September 2019.**

State Route 17 (Granger Road) Slope Repairs, Valley View and Garfield Heights

Granger Rd. has returned to its original configuration and work will take place as weather permits until spring as crews continue slope stabilization operations on the north side of Granger Rd. **Tentative completion date: June 2018.**

Canal Road Bridge Replacement, Cleveland

The Canal Road Bridge is **now open**. Minor work will take place through early-February with minimal impacts to traffic. The project replaced a narrow and outdated bridge which carries Canal Road under the Norfolk Southern railroad (and over the CSX railroad), near the intersection of Commercial Road and the East 9th Street Extension in Cleveland's Flats.

Tentative completion date: spring 2018.

East 55th Street Resurfacing, Cleveland

East 55th Street **is now open** between Superior Avenue and Central Ave. after resurfacing work. Work will break for the winter months and resume in April 2018. The entire project resurfacing East 55th Street between Broadway Avenue and Superior Avenue in the city of Cleveland. **Tentative completion: October 2018.**

Martin Luther King, Jr. Drive Culvert Repairs over Doan Brook Creek, Cleveland

Work is underway to make repairs on Martin Luther King, Jr. Drive over Doan Brook Creek in the city of Cleveland. Work will take place Monday-Friday from 7 a.m. to 3:30 p.m. and when lane closures are necessary, two-way traffic will be maintained utilizing flaggers. **Tentative completion date: spring 2018.**

***NEW* Martin Luther King Jr., Drive culvert repair, Cleveland**

The project replaces a concrete arch on Martin Luther King Jr., Blvd. over Doan Brook south of Jephtha Dr. in the city of Cleveland. Work will take place Monday through Thursday from 7 a.m. to 5 p.m. All work will take place off the roadway with occasional flaggers maintaining traffic for deliveries. **Tentative completion date: October 2018.**

Willow Avenue Life Bridge, Cleveland

The project includes the replacement of the counterweight ropes on the Willow Avenue Lift Bridge over the Cuyahoga River in the City of Cleveland. **Tentative completion date: September 2018.**

Lake County

State Route 91 (SOM Center) Bridge over State Route 2, Eastlake

The **SOM Center Rd. (SR 91) ramp to SR 2 westbound is now open** and SR 91 north and southbound motorists are now permitted to make left turns to enter SR 2. The project replaces the bridge deck over SR 2, Lakeland Blvd. and CSX Railroad tracks in the city of Eastlake. **Tentative completion date: July 2018.**
