ROLE OF PUBLIC INVOLVEMENT

• To exchange information between the project team and local communities

• To solicit input into the development of access point alternatives

• To ensure that a preferred alternative reflects environmental, engineering and community constraints or perspectives
WORKSHOP PURPOSE

The purpose of today’s workshop is to:

• Organize the project Subcommittee

• Provide a project update

• Identify committee goals and objectives

• Identify project constraints

• Determine performance measures

- Media Relations
STAKEHOLDER ORIENTATION

• Treat each member with courtesy and respect

• Disagree with ideas, not with people

• Listen and consider the opinions of others

• Be brief and clear in your comments

• Focus on the topic at hand

• Concentrate on problem-solving, not fault finding

• Try not to repeat what has already been said

• Seek common ground

• Have FUN!
