The final “pieces of the puzzle” are coming together at Interstate 270 and State Route 315.

In order to complete the construction of several new ramps and bridges, part of the Olentangy Trail will close again for safety reasons. It is not safe for people to be on the trail while construction is happening above them.

The Olentangy Trail will be closed between Worthington Hills and Olentangy River Parklands at Wilson Bridge Road.

**Duration:** 3 months, weather permitting.

**Alternate Route for Experienced Cyclists**

ODOT, along with area cyclists and our partners at the cities of Columbus and Worthington worked together to come up with a way around the construction. Improvements have been made on Linworth Road.

Since the trail is closed at Olentangy Parklands, take Wilson Bridge Road to Linworth Road E. to Linworth Road. Cross Hard Road to Sefton Park Drive to Rutherglen Drive to Southview Drive to Clubview Boulevard across SR 315 to the Worthington Hills Park trailhead.

A map of the closure along with the alternate route is on the back.

Please visit the project website at [www.270-23.com](http://www.270-23.com) for more information on what improvements are being made to I-270 at US 23 and SR 315.

**QUESTIONS:** Call 740-833-8268 or email d06.pio@dot.ohio.gov
