

Project Name

BUT - Winton/S. Gilmore Road

Project Overview

- The main objective of the project is to provide additional vehicular capacity on Winton/S. Gilmore Rd from Smiley Ave to Mack Rd.
- Provide an additional through lane in each direction on Winton/S. Gilmore Road.
- Improve the I-275 interchange to accommodate existing/future conditions of the corridor.
- Cincinnati Financial Corporation is planning a major expansion by 2030 (3000 jobs) that will heavily utilize the corridor and interchange facilities.
- Reduce the number of crashes that currently occur in the corridor.

Current Status

- A planning study has been developed by the City of Fairfield.
- An interchange modification study, environmental report and the detailed design for the project are to be completed during 2010.

TRAC Funding Request

- None

Cost Estimate

- Total project cost is estimated to be \$27.45 million (\$5 million provided by ODOT Safety Program).

Implementation Plan

- Right of way acquisition and utility installation to be completed within the next 18 months.
- Construction to begin in 18 months.

Application Score = 74
