

Public Hearing Meeting Minutes for October 22, 2009
Akron Public Library, Akron, Ohio

Eric Czetli, District 4 Deputy Director welcomed everyone to the Akron Public Library on behalf of John Hart, District 3 Deputy Director, Dick Bible, District 11 Deputy Director and Bonnie Teeuwen, District 12 Deputy Director.

The TRAC Public Hearing was called to order at 9:05 a.m. Attending: William Brennan, Robert Clarke Brown, Bill Dingus, William Gardner, Pat Ungaro, Antoinette Selvey-Maddox. Not attending: Scott Borgemenke, and Director Molitoris.

Chief of Staff Steve Campbell noted that in December last year we ratified the new project selection criteria after much work in the field with partners like you and those advocating for transportation projects, and how transportation impacts the quality of life in Ohio. Today is the second hearing to hear applications for the TRAC since the new criteria was put in place. We are asking for new and important information and will continue to work with project sponsors to better understand these projects to ultimately help TRAC make better recommendations to the department on which projects to advance.

An overview on the project presentation process for today, local project presentations will have 10 minutes and ODOT projects presentations will have 5 minutes. When the presenters see the yellow light, they will have two minutes to finish up. We want to learn as much as possible about the projects, and still be respectful of everyone's time.

The TRAC Application Presentations were as follows:

District 3

- | | |
