

The 2011 Central Regional TRAC Meeting was called to order by Director Wray at 9:20 a.m. at the Ohio Department of Transportation Central Office Auditorium. Attending: Director Wray, William Dingus, William Brennan, Chris Kershner, Jack Marchbanks, and Patrick Darrow. Not attending: Antoinette Selvey-Maddox and Raymond DiRossi.

Director Wray opened by discussing that we now have a continuing resolution on the existing Federal Highway Bill for the next six months. We will probably have another continuing resolution at that time because we'll be in the middle of a presidential election year. At ODOT, we are going to operate as if the money is going to be there; therefore, the planning process will continue and the TRAC process will continue. We need to be aware all around the state that the demands are great. Each region we go to, we have requests for funding which exceed the total funding for the state. Every region wants more than we've got for the whole state.

The TRAC Application Presentations were as follows:
