

Turf Reinforcing Mat

Qualified Product List Specification Requirements

ODOT Construction and Materials Specification SS 836

Requirements for Inclusion on the Qualified Product List

Submit to the Office of Hydraulic the following information:

Certified Test Data as required under Supplemental Specification 836.02

After approval of the product by the Office of Hydraulics

Submit to the Office of Materials Management the following information:

1. Manufacturer's letter certifying the Turf Reinforcing Mat supplied to the project will meet or exceed Departmental specification SS 836. Include a picture of typical markings placed on the product to identify it and allow the field to match it to an approved brand name.
2. Provide the Department a contact name, number and e-mail address
3. Agreement to immediately notify the Department on any changes in production, materials, dimensions, before shipment
4. Provide re-certification documentation by January 1 of each year
 - A Certified test data
 - B Product markings

Acceptance to the Department

The Office of Hydraulics will notify the Office of Materials Management as to the acceptance of the initial product submittal.

Accepted products will be listed on the Department's Qualified Product List (QPL) web page and will be loaded into the Department's Construction Management System for acceptance in the field through the QPL screen. Depending of the manufacturing company, the Department may require information of the manufacturer that identifies the company, address, manufacturing site and phone numbers.

Field Documentation Requirements

Products on the QPL will be accepted if they can be identified in the field to a supplier/manufacturer listed on the Department's Qualified Products List.
