

Ohio Department of Transportation Prebid Questions

Project No. 080599

Sale Date - 11/5/2008

Question Submitted: 10/6/2008

Question Number: 1

The plans mention impact attenuators is there guardrail required on this project?

Impact attenuators are to be attached to the end of the concrete barrier used for maintenance of traffic. There is no permanent guardrail proposed.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
