

# Ohio Department of Transportation Prebid Questions

Project No. 080191

Sale Date - 3/5/2008

---

Question Submitted: 2/29/2008

Question Number: 1

There is no Center line Solid Equivalent shown in the plans for the polyester center line. This makes it a blind guess to price this item. Can the state provide the Solid Equivalent line mileage?

**The bid item is for miles of centerline pavement marking, not quantity of material or equivalent centerline miles. District One stopped supplying that information in the plans several years ago. The plans state that the centerline log sheets will be supplied at the pre-construction meeting. There is adequate information for the contractor to bid the item,**

---

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
