

Ohio Department of Transportation Prebid Questions

Project No. 060502

Sale Date - 12/13/2006

Question Submitted: 11/14/2006

Question Number: 1

On plan page 61 of 88, Item 632 Vehicular Signal Head with LED Lamp Units Polycarbonate, requirement number 7 indicates that the LEDs should meet the requirements of ODOT Supplemental Specification 872. However, plan page 1 of 88 does not list Supplemental Specification 872 in any of the supplemental tables. Is Supplemental Specification 872 required for vehicular LEDs on this project and if so, is the revision date of 04/21/2006 the proper date to use?

Question Submitted: 11/29/2006

Question Number: 2

We can not find an as per plan note for Item 80, Exfiltration Trench Type A, APP. How does this item differ from that shown on SS 835? Second this item is shown in the plans with units in FT, while it is incorrectly shown in the proposal as M (meters)

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
