Attended the Pre bid meeting, ODOT stated an asbestos would be available on website for the Carey Outpost project... this information has not been uploaded to the site for us to distribute for pricing. The bid is due on Thursday and we are concerned about having adequate time for pricing. Please notify when this information will be available.

**An addendum has been submitted to address this Prebid question. Also the project sale is on Friday June 7th, not Thursday June 6th.**

How & when can a visit be scheduled to both sites prior to the bid date?
