

Ohio Department of Transportation Prebid Questions

Project No. 070210

Sale Date - 5/2/2007

Question Submitted: 4/23/2007

Question Number: 1

Per item 202 - "Walk Removed, As Per Plan", and Items 608 - "Curb Ramp, As Per Plan A" and "Curb Ramp, As Per Plan B" the curb that has to be removed and replaced to install the ramps are incidental to these pay items. With over 150 ramps on this job it is important to get the right curb quantity in the bid. Will the state consider adding a 202 curb removed item and a 609 curb item so all contractors are bidding the same quantity? If not, we will assume that whatever the plans show for ramp width is what we will include in our bid for curb quantity (Example: for a 5ft wide x 8ft long ramp we will include 5ft of curb removed and replaced).

The Department respectfully declines to add additional pay quantities for this project.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
